D.4 RECEIVE an oral report on the effects of a possible federal shutdown on the Housing Authority of the County of Contra Costa's (HACCC) programs.

Mr. Villarreal noted the funding mechanisms are different for public housing and for housing vouchers. He expects to receive the normal amount of funding through June 1, 2019 for public housing. For Section 8 vouchers and some smaller programs, he expects funding to cover March and April, but it remains to be seen if the funds arrives in those accounts by Friday (before a possible shutdown). An extended government shutdown would place public housing in a position of not having the funds to maintain the properties sufficiently. Homeowners contracting with the County for Section 8 vouchers would be exposed to possible lack of funds from the HUD portion of the rent after March/April, placing those owners in financial risk in regard to paying the mortgage on the home. No evictions are allowed if HUD does not pay it's portion, but the tenant keeps their obligation. An extended shutdown would not directly result in any loss of housing in the short term, but would place many vouchers and programs at risk of closure through individuals exiting the program, defaulting on mortgages, and the inability to keep legal and safety obligations to tenants.

Subject: RELOCATION STATUS OF N. RICHMOND - LAS DELTAS RESIDENTS

RECOMMENDATIONS

ACCEPT report on the relocation status of the families at the Las Deltas public housing development in North Richmond.

BACKGROUND

As part of the RAD conversion of the Las Deltas public housing units, HACCC is required to assist the families living at Las Deltas to find new, affordable places to live. All of the residents living at Las Deltas at the time of conversion, must be assisted under the laws and regulations set forth in the Uniform Relocation Act, California Relocation Assistance Law and the California Relocation Assistance and Real Property Acquisition Guidelines.

There were 81 families living at Las Deltas when it was approved for RAD. All are/were eligible for relocation benefits. In September 2017 HACCC began officially moving families out of Las Deltas. Although a few of the 81 families had moved before this date, these early movers retained eligibility for, and were offered, relocation benefits. The mover status of the Las Deltas families as of January 24, 2019 is as follows:

Subject: EFFECTS OF A POSSIBLE FEDERAL GOVERNMENT SHUTDOWN ON HACCC'S PROGRAMS

RECOMMENDATIONS

RECEIVE an oral report on the effects of a possible federal shutdown on the Housing Authority of the County of Contra Costa's (HACCC) programs.

BACKGROUND

Staff will provide the Board with an oral update on this matter.

FISCAL IMPACT

The effect of a possible shutdown on HACCC's financial status will vary depending on the length of the shutdown. A short shutdown should have little, or no impact. A longer shutdown could cause some programs to cease operation.

CONSEQUENCE OF NEGATIVE ACTION

None. Information item only.

Subject: INVESTMENT REPORT FOR THE QUARTER ENDING DECEMBER 31, 2018

RECOMMENDATIONS

RECEIVE the Housing Authority of the County of Contra Costa's investment report for the quarter ending December 31, 2018.

BACKGROUND

California Government Code (CGC) section 53646 requires the Housing Authority of the County of Contra Costa (HACCC) to present the Board of Commissioners with a quarterly investment report that provides a complete description of HACCC's portfolio. The report is required to show the issuers, type of investments, maturity dates, par values (equal to market value here) and the current market values of each component of the portfolio, including funds managed by third party contractors. It must also include the source of the portfolio valuation (in HACCC's case it is the issuer). Finally, the report must provide certifications that (1) all investment actions executed since the last report have been made in full compliance with the Investment Policy and; (2) HACCC will meet its expenditure obligations for the next six months. (CGC 53646(b)).

The state-mandated report has been amended to indicate the amount of interest earned and how the interest was allocated. The amended report is attached.

BACKGROUND (CONT'D)

In summary, HACCC had \$29,556.75 in interest earnings for the quarter ending December 31, 2018. That interest was earned within discrete programs and most of the interest earned is available only for use within the program which earned the interest. Further, interest earnings may be restricted to specific purposes within a given program.

The Housing Choice Voucher Program reserve as of 12/31/2013 held in cash and investments was transitioned to U.S. Department of Housing and Urban Development (HUD) held program reserve account.

Non-restricted interest earnings within both the voucher and public housing programs must be used solely within those programs, but such interest earnings can be used for a wider range of purposes within the individual programs. The interest earned in the State and Local fund can be used for any purpose within HACCC's scope of operations.

The interest earned for the quarter ending December 31, 2018 is shown below. A more detailed report is attached.

Public Housing	Housing Choice Voucher Fund		Central Office	State & Local
Unrestricted Interest Earned	Restricted Interest Earned	Unrestricted Interest Earned	Unrestricted Interest Earned	Unrestricted Interest Earned
\$10,857.16		\$10,286.60	\$3,949.20	\$4,463.79

FISCAL IMPACT

None. For reporting purposes only.

CONSEQUENCE OF NEGATIVE ACTION

Should the Board of Commissioners elect not to accept the investment report, it would result in an audit finding of non-compliance and could ultimately affect future funding from the HUD.

INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners
Housing Authority of the
County of Contra Costa
Martinez, California

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Housing Authority of the County of Contra Costa, component unit of the County of Contra Costa, California (the Authority), as of and for the year ended March 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents. We did not audit the financial statements of the aggregate discretely presented component units reported in the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of HACCC Casa Del Rio, Inc, a California Nonprofit Public Benefit Corporation and CDR Senior Housing Associates, a California Limited Partnership, which represent 13.5%, -39.7% and 0.4%, respectively, of the primary government's assets, net position, and revenue. We did not audit the financial statements of DeAnza Housing Corporation, a California Nonprofit Public Benefit Corporation and DeAnza Gardens L.P. a California Limited Partnership, which are combined and reported as discretely presented component units titled Component Units in the fund financial statements. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units and blended component units - Casa Del Rio Housing is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's

internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Authority, as of March 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Notes 1.U. and 12, the Authority adopted the provisions of Government Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pension*, as of April 1, 2017. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11, and the supplementary information required for the pension and other postemployment benefit plans on pages 64-66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the County of Contra Costa, California's basic financial statements. The schedule of relevant statistics is presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. The accompanying Financial Data Schedules (CA011) are presented for purposes of additional analysis as required by *Uniform Financial Reporting Standards* issued by the U.S. Department of Housing and Urban Development and are not a required part of the basic financial statements. Finally, the accompanying Schedule of Completed Capital Fund Program

Project is presented for the purpose of additional analysis as required by the U.S. Department of Housing and Urban Development and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards, Financial Data Schedules, and Schedule of Completed Capital Fund Program Project are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The schedule of relevant statistics has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018, on our consideration of the Housing Authority of the County of Contra Costa, California's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**HOUSING AUTHORITY OF THE COUNTY OF CONTRA COSTA
MANAGEMENT DISCUSSION AND ANALYSIS
MARCH 31, 2018**

The management of the Housing Authority of the County of Contra Costa (the Authority) would like to provide the readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended March 31, 2018.

The Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

- Net position decreased by \$1,987,330 (or 35.57%) during 2018 (see Table 1) as a result of the implementation of GASB 75. GASB 75 required the Authority to record unfunded accrued actuarial liability (UAAL) in the amount of \$5,269,965. This amount was reduced by a positive actuarial change in net pension liability of \$636,481 and a positive change in normal operations of \$2,647,374 (see footnote 10 in the audit report).
- Unrestricted net position decreased by \$2,844,315 during 2018 (see Table 1). The implementation of GASB 75 caused a decrease in the amount of \$5,269,965 that was offset by positive changes in pension liability of \$636,481 and in operations in the amount of \$1,789,169.
- Total revenue increased by \$17.5 million (or 15.5%) as a result of current year activities (see Table 3).
- Total expenditures increased \$16.5 million (or 14.7%) as a result of current year activities (see Table 3).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of three parts as follows: (1) **Fund Financial Statements**, (2) **Notes to the Basic Financial Statements**, and (3) **Supplementary Information**.

FUND FINANCIAL STATEMENTS

The Fund Financial Statements presentation is similar to the traditional government financial statements. The statements are the Statement of Net Position, the Statement of Revenue, Expenses, and Changes in Fund Net Position, and the Statement of Cash Flows. The focus is now on Major Funds, rather than fund types. The Authority's funds consist exclusively of Enterprise Funds. Enterprise funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Many of the funds administered by the Authority are provided by the Department of Housing and Urban Development. Others are segregated to enhance accountability and control. GASB's 34 and 37 require individual enterprise funds to be reported as major funds if total assets, liabilities, revenue, or expenses of that individual fund exceed 10% or corresponding element total of the Authority as a whole. In the past, the Authority reported four major funds and an aggregate column for non-major funds. Beginning April 1, 2006, the Authority reported all of its activities in one major fund titled "Housing". The Authority's mission is to provide affordable housing within the County of Contra Costa, regardless of grant or program. Therefore, we believe that reporting all activity in one fund is consistent with this mission and simpler for the readers of the Authority's report.

**HOUSING AUTHORITY OF THE COUNTY OF CONTRA COSTA
MANAGEMENT DISCUSSION AND ANALYSIS
MARCH 31, 2018**

(Continued)

The Authority's activity includes:

Public Housing – Under the Public Housing Program, (also titled as ‘Low Rent-Aided Housing’) the Authority rents units that it owns to very low & low-income households. The Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD. The ACC provides Operating Subsidy and Capital improvement Grant funding to enable the PHA to provide the housing at a rent that is based upon 30% of household income or at a flat rate below market rate.

Public Housing Capital Fund Grant - HUD provides grants for the modernization of the Public Housing Program units. The modernization is accounted for by each grant, which is merged as a part of the Public Housing Program totals.

Housing Choice Voucher Program – Under the Housing Choice Voucher Program, (hereunder titled as ‘Voucher’ Program) the Authority administers the program under an Annual Contributions Contract (ACC) with HUD. The ACC provides funding to the Authority to provide tenant based rental assistance to program participants. The rental assistance payment is structured so as the rental payment that the participant is obligated to pay is 30% to 40% of household income. This is a major federal program.

Lower Income Housing Assistance Continuum of Care Program - is a U.S. Department of Housing and Urban Development funded rehabilitation program that promotes community-wide commitment to the goal of ending homelessness. The program is designed to provide rental assistance and supportive services to homeless and disabled individuals and their families. CDBG Rental Rehabilitation Program (RRP) - Under the RRP, the Authority executes annual funding contract with various governmental entities to fund the operations of a program that assists rental property owners with rehabilitation of housing units to help assure a supply of affordable rental apartments and homes for its Section 8/Voucher users and other low-income households. Technical assistance in determining repairs is provided by Authority staff and below-market-rate loans are made to cover part of rehabilitation costs. Program administrative costs are shared by the funding providers and the Authority.

Rental Rehabilitation Program (RRP) - Under the RRP, the Authority operates a program that assists rental property owners with rehabilitation of housing units to help assure a supply of affordable rental apartments and homes for its Section 8/Voucher users and other low-income households. Technical assistance in determining repairs is provided by Authority staff and below-market-rate loans are made to cover part of rehabilitation costs. Funds from this program are to supplement the CDBG RRP for loans or administration.

Management Fund & County Programs – This program is often referred to as the “State and Local Fund”. The fund represents non-HUD resources developed from a variety of activities, including developer fees, management fees, program cost reimbursement, and other local and non local activities. This fund administers the pension and benefit programs for the agency.

Central Office Cost Center - The COCC fund earns revenue from fees and services provided to various federal programs. The funds earned are considered federal funds and go to cover the overhead and support services provided to the various federal programs. HUD is currently preparing rule changes that will restrict these funds to use in Federal programs only.

Discretely Presented Component Unit:

DeAnza Gardens L.P. (DeAnza)– DeAnza was formed as a limited partnership on December 10, 2001 for the purpose of acquisition, ownership, maintenance, and operation of 180 multi-family affordable rental housing complex located in Contra Costa County.

The project was built on land owned by and leased from the Housing Authority of the County of Contra Costa (the Authority). Under the terms of the lease, title to the improvements reverts to the lesser at the end of the 75-year lease. The Project qualifies for low-income housing tax credits under Section 42 of the Internal Revenue Service Code. Such projects are regulated under terms of a Regulatory Agreement, including rent charges, operating methods and other matters.

DeAnza Corporation, Inc. The general partner of DeAnza Gardens L.P. is DeAnza Corporation Inc., a California public benefit corporation. The DeAnza entities, under HUD REAC’s direction, are to be considered by the Authority as other organizations for which the nature and significance of their relationship with the Authority are such that exclusion would cause the Authority’s financial statements to be misleading or incomplete. As such, the Authority considers these two

Major Factors Affecting the Statement of Net Position

The major factor affecting net position was the implementation of GASB 75. GASB 75 required the Authority to record unfunded accrued actuarial liability (UAAL) in the amount of \$5,269,965. This amount was reduced by a positive actuarial change in net pension liability of \$636,481 and a positive change in normal operations of \$2,647,374.

Table 2 below presents details on the change in Unrestricted Net Position.

**TABLE 2
CHANGE OF UNRESTRICTED NET POSITION BY PROGRAM**

	Beginning Balance <u>04/01/2017</u>	Change of Unrestricted Position this Report Period	Ending Balance <u>03/31/2018</u>

Public Housing (including Capital Fund)	1,205,013	1,068,079	2,273,092

Authority totals	<u>\$ (108,564)</u>	<u>\$ (2,844,315)</u>	<u>\$ (2,952,879)</u>

While the result of operations is a significant measure of the Authority's activities, the analysis of the changes in unrestricted net position provides a clearer change in financial well-being of each of the program areas. The major change in the unrestricted net position this period was a result of implementation of GASB 75 in the Other State & Local program.

GASB 75 required the Authority to record unfunded accrued liability (UAAL) in the amount of \$5,269,965. This amount was offset by a positive operations change in the amount of \$2,647,347 and a positive actuarial change in pension liability on the amount of \$636,481.

HOUSING AUTHORITY OF THE COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
MARCH 31, 2018

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of The Housing Authority of the County of Contra Costa (the Authority) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the Authority's more significant accounting policies:

A. Organization

The Authority was established pursuant to the State Health and Safety Code in 1941. The Authority is a public entity organized under the laws of the State of California's Health and Safety Code to provide housing assistance to low and moderate income families at rents they can afford. Eligibility is determined by family composition and income in areas served by the Authority. To accomplish this purpose, the Authority has entered into Annual Contributions Contracts with the U.S. Department of Housing and Urban Development (HUD) to operate assisted housing programs.

The governing board of the Authority is the County Board of Supervisors. The Authority is a legally separate entity from the County, maintaining separate accounting records, staff, and administration facilities. In addition, there is no financial benefit/burden relationship between the County and the Authority and the County has limited or no opportunity to impose its will upon the Authority because the Authority is governed by rules and regulations imposed by the Federal government through the U.S. Department of Housing and Urban Development. The County defines the Authority as a discretely presented component unit in its Comprehensive Annual Financial Report (CAFR). A copy of this report may be obtained by contacting the Office of the Auditor-Controller, 625 Court Street, Martinez, California 94553 or by visiting <http://co.contra-costa.ca.us/>.

B. Financial Reporting Entity

The Authority's combined financial statements include the accounts of all the Authority's operations. The criteria used in determining the scope of the financial reporting entity is based on provisions of Governmental Accounting Standards No. 61, *The Financial Reporting Entity*. The financial statements of the Authority include the financial activity of the Authority and any component units. The decision to include a potential component unit in the reporting entity was made based on the significance of their operational or financial nature and significance of their relationship with the Authority, including consideration of organizations for which the nature and significance of their relationship with the Authority are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based on the aforementioned criteria, the Authority has blended

and discretely presented component units. The blended component units, although legally separate entities, are, in substance, part of the Authority's operations. Discretely presented component units are reported in a separate column in the fund financial statements to emphasize that they are legally separate from the government. The component units are as follows:

Blended Component Units. HACCC Casa Del Rio, Inc (A California Nonprofit Public Benefit Corporation) and CDR Senior Housing Associates (A California Limited Partnership) . HACCC Casa Del Rio, Inc. is the general partner of CDR Senior Housing Associates. The officers and Board members of HACCC Casa Del Rio, Inc. are employees of the Authority. The partnership was formed in 1994 to develop and operate an 82-unit affordable housing rental complex located in Antioch, California, which is currently known as Casa Del Rio Senior Housing.

Casa Del Rio Senior Housing was placed into service in 1995. Pursuant to the Indemnification Agreement dated July 1, 1994, by and among the Authority, HACCC Casa Del Rio, Inc., CDR Senior Housing Associates, and MHIFED I Limited Partnership, the Authority could possibly be liable for unpaid taxes, interest and penalties, cost to contest, operating deficiency and expenses of enforcement as identified in the Agreement and for a sponsor's operating guaranty to provide sufficient staff or equipment to the general partner, as needed and remedies against sponsor for default under the Amended HCD Agreement. Casa Del Rio Senior Housing participates in the low-income housing tax credit program under Section 42 of the Internal Revenue Code. Various agreements dictate the maximum income levels of new tenants and also provide rent restrictions through 2054.

Casa Del Rio Apartments LLC was formed to replace the limited partner, Boston Capital, of the Casa Del Rio Partnership. The officers and Board members of HACCC Casa Del Rio, Inc, will direct the LLC.

Since HACCC Casa Del Rio, Inc and CDR Senior Housing Associates have the potential to impose a financial burden on the Authority, these entities have been included in the Authority's financial statements as blended component units. See also Note 14.

Discretely Presented Component Units. DeAnza Housing Corporation (A California Nonprofit Public Benefit Corporation) and DeAnza Gardens, L.P. (A California Limited Partnership). The Authority is the General Partner and DeAnza Housing Corporation is the managing general partner of DeAnza Gardens, L.P. The partnership was formed for the purpose of acquisition, ownership, maintenance, and operation of 180 multi-family rental housing units and the provision of low-income housing through the construction, renovation,

rehabilitation, operation, and leasing of an affordable housing development located in Contra Costa County, which is currently known as DeAnza Gardens.

DeAnza Gardens was placed into service during 2005. It was built on land owned by and leased from the Authority. Under the terms of the lease, title to the improvements revert to the Authority at the end of the 75-year lease. Financing for construction was obtained through notes from the Authority, Bank of America, and DeAnza Housing Corporation. DeAnza Gardens participates in the low-income housing tax credit program under Section 42 of the Internal Revenue Code. Various agreements dictate the maximum income levels of new tenants and also provide rent restrictions through 2078.

Since DeAnza Housing Corporation and DeAnza Gardens L.P. are other organizations for which the nature and significance of their relationship with the Authority are such that exclusion from the financial statements would cause the Authority's financial statements to be misleading or incomplete, these entities have been included in the Authority's financial statements as discretely presented component units. See also Note 14.

Complete audited financial statements are issued separately for each of the individual component units listed above and may be obtained from the Housing Authority of the County of Contra Costa, 3133 Estudillo Street, P.O. Box 2759, Martinez, California 94553.

C. Basis of Presentation

Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The Authority's activities are strictly business-type. The Authority has no fiduciary funds.

Fund Financial Statements:

Fund financial statements of the Authority are organized into funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for within a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenses/expenditures as appropriate. Government resources are allocated to, and accounted for, in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. A fund is considered major if it is the primary operating fund of the Authority or if total assets, liabilities, revenue, or expenses/expenditures of the individual fund are at least 10 percent of the Authority-wide total. The Authority considers all of its activity to be housing related and therefore, considers all the financial activity of the Authority to be one major fund, titled *Housing*. As such, the Authority has no non-major funds.

Note 1 (continued)

PROPRIETARY FUND TYPES

Enterprise Funds - Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Enterprise funds are also used when the governing body has decided that periodic determination of revenue earned, expenses incurred, or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Authority's funds are operated as enterprise funds.

D. Measurement Focus and Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The Proprietary Fund Types are accounted for on an economic resources measurement focus using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recorded at the time liabilities are incurred. Under this basis of accounting and measurement focus, the Authority applies all GASB pronouncements.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses result from providing goods and services related to the fund's ongoing operations. The principal operating revenue of the Authority's enterprise funds is dwelling rental income. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. The principal operating expenses of the Authority's enterprise funds are employee salaries and benefits, housing assistance payments, utilities, and the costs to maintain the owned units. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When the Authority incurs an expense for which both restricted and unrestricted resources may be used, it is the Authority's policy to use restricted resources first and then unrestricted resources as needed.

E. Interfund Transactions

Statement of Net Position:

Short-term amounts due between funds are classified as “Due from/to other funds”. As of March 31, 2018, the amounts due between the various proprietary funds totaled \$1,155,044.

Operating advances made to the blended component units, HACCC Casa Del Rio, Inc and CDR Senior Housing Associates totaled \$542,269 as of March 31, 2018. The interfund balance as of December 31, 2017, was \$535,568 and was reported as non-current related party payable by the other auditors. The Statement of Net Position - Proprietary Funds, reported as of March 31, 2018, shows \$535,568 as both a noncurrent asset and as a noncurrent liability. The difference of \$6,701, due to the timing differences in fiscal year end, is shown as “other” noncurrent assets (see also Note 14).

A long-term note due from the Management Enterprise Fund to the blended component unit, HACCC Casa Del Rio, Inc in the amount of \$185,000 is reported as long-term notes receivable and long-term debt. See also Notes 4 and 6.

These interfund assets and liabilities have been eliminated from the Statement of Net Position - Proprietary Funds. For further detail, please see the Financial Data Schedule found in the Supplementary Information section of this report.

Statement of Revenues, Expenses, and Changes in Fund Net Position:

Participants of the Housing Choice Voucher Program have decided to occupy units owned by the Authority’s blended component unit. Housing assistance payments made by the Housing Choice Voucher and Continuum of Care Programs to Casa Del Rio Senior Housing (CDR) totaled \$19,891 for the fiscal year ended March 31, 2018. CDR also paid the Authority \$52,452 during the current fiscal year for management fees.

The Authority utilizes a Central Office Enterprise Fund to account for administrative costs that are not charged to its Public Housing, Housing Choice Voucher, and Continuum of Care Program Enterprise Funds. The Housing Choice Voucher Enterprise Fund paid management fees and bookkeeping fees in the amount of \$1,296,333 and \$565,312, respectively. The Public Housing Enterprise Fund paid property management, bookkeeping, and asset management fees in the amount of \$1,014,674, \$67,999, and \$119,400, respectively. The Continuum of Care Enterprise Fund was allocated costs of \$53,084 in lieu of fees. These costs, totaling \$3,116,802, are reported as total fee revenue in the Central Office Enterprise Fund and administrative expenses of the Public Housing, Housing Choice Voucher, and Continuum of Care Enterprise Funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS
MARCH 31, 2018

(Continued)

Note 1 (continued)

Beginning in fiscal year 2016, the Authority created a fund to account for the pension transactions required by GASB Statement No. 68 "Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27". Actual payments made to the Authority's pension plan administrator, the Contra Costa County Employees' Retirement Association (CCCERA), have been expensed to the Authority's programs based on payroll allocations effective at the time of payment. The State and Local Enterprise Fund for Pension holds and accounts for the deferred outflows of resources generated when the payments are made. The GASB 68 required accounts are adjusted annually at each actuarial measurement date. During the current fiscal year, \$1,960,938 of payments to CCCERA were recorded as expenditures of the Authority's various programs and as revenue of the State and Local Enterprise Fund.

The Authority established the State and Local Enterprise Fund for OPEB to account for the implementation of GASB 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB reporting for employers)". The newly established enterprise fund holds and accounts for the deferred outflows of resources generated when the payments are made. During the current fiscal year, \$534,467 of payments were recorded as expenditures of the Authority's various programs and as revenue of the State and Local Enterprise Fund.

The Authority is required by HUD to pay HAP on behalf of other authorities with Housing Choice Voucher Program participants residing within Contra Costa County. The Authority is reimbursed for this HAP from the initiating housing authority. HUD requires this HAP to be reported as an expense when paid to the landlord and as income when reimbursed from the initiating housing authority. For the current fiscal year, the Authority paid \$2,017,366 in HAP on behalf of other housing authorities. This amount is therefore reported as revenue and expense of the Housing Choice Voucher Enterprise Fund.

CDR Inc earns interest of \$13,912 on its loan with the Authority of \$185,000. CDR Inc has agreed to give the interest back to the Authority as a charitable contribution. This interest revenue and expense were eliminated within the blended component unit enterprise fund.

Interfund transfers of \$1,442,290 were made between the Authority's funds this fiscal year. Interfund transfers of \$999,084 were made within the Public Housing enterprise Fund. This represents the use of Capital Fund grants for Public Housing operating costs. Interfund transfers of \$49,721 were made from the Housing Choice Voucher Enterprise Fund to the Family Self Sufficiency Enterprise Fund to assist in program funding short falls. Interfund transfers of \$26,015 were made from the Section 8 Moderate Rehabilitation Enterprise Fund to the Housing Choice Vouchers Enterprise Fund to cover prior year funding short falls. Interfund transfers of \$176,721 from the Continuum of Care Enterprise Fund to the Housing

Note 1 (continued)

Choice Voucher Enterprise Fund were made to reverse all prior transfers, per HUD request. Interfund transfers of \$190,749 were made from the Central Office Cost Center Enterprise Fund to the Continuum of Care Enterprise Fund to cover these funding shortfalls.

Interfund revenues and expenses of \$5,684,550 have been eliminated from the Statement of Revenues, Expenses, and Changes in Fund Net Position - Proprietary Funds. This amount includes the interfund HAP, management fees, bookkeeping fees, asset management fees, pension plan payments, and OPEB plan payments. The transfers net to zero and are not reported on the Statement of Revenues, Expenses, and Changes in Fund Net Position - Proprietary Funds. For further detail, please see the Financial Data Schedule found in the Supplementary Information section of this report.

F. Cash and Investments

Cash includes amounts in demand deposits and saving accounts. Investments are reported in the accompanying statement at market value. All of the Authority's investments can be converted to cash in a relatively short amount of time. Therefore, all cash and investments are used in the Statement of Cash Flows.

Changes in fair value that occur during a fiscal year are recognized as *interest income* reported for that fiscal year. *Interest income* includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments.

The Authority pools cash and investments of all programs. Each program's share in this pool is displayed in the accompanying Financial Data Schedule as *cash and investments*. Interest income earned by the pooled investments is allocated to the various funds based on each fund's average cash and investment balance.

G. Accounts Receivable

Receivables are principally amounts due from HUD and tenants. Allowance for doubtful accounts has been provided based on the likelihood of the recovery.

H. Capital Assets

Capital assets, which include property, plant and equipment, acquired for Proprietary Funds are capitalized in the respective funds to which they apply. The Authority has an established capitalization policy, which requires all acquisitions of property and equipment in excess of \$5,000 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets to be capitalized. Property and equipment are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Interest

MARCH 31, 2018

(Continued)

Note 1 (continued)

expense incurred during the development period is capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of exhaustible capital assets used by Proprietary Funds is charged as an expense against operations, and accumulated depreciation is reported on the Statement of Net Position. Capital assets are being depreciated using the straight-line basis over the useful lives of the assets. The useful lives are generally 27.5 years for buildings, 10 years for modernization, 5 years for vehicles, furniture and equipment, and 3 years for computer equipment. Salvage value on all depreciable equipment is assumed to be insignificant and therefore valued at \$0.

I. Compensated Absences

It is the Authority's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the Authority. All vacation pay is accrued when incurred and allocated to the appropriate proprietary fund. Total liability for the Authority is \$393,465 based on year-end hourly rates. Of this amount \$305,304 is considered by the Authority to be a current liability.

J. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until that time. The Authority's deferred outflows of resources consist of (1) items associated with, and referred to in, the actuarial report of the defined benefit pension plan, and (2) payments made on behalf of employees to the defined benefit pension plan after the measurement date of the actuarial report. See also Note 11.

In addition to liabilities, the Statement of Financial Position will sometimes include a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Authority's deferred inflows of resources consist of items associated with, and referred to in, the actuarial report of the defined benefit pension plan. See also Note 11.

It is the Authority's practice to report deferred outflows and inflows of resources in the aggregate on the Statement of Net Position.

Note 1 (continued)

K. Net Position

Net position represents the differences between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position consists of net investment in capital assets; restricted net position; and unrestricted net position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowing used for acquisition, construction, or improvement of those assets (excluding interfund borrowing and including accrued interest). Net position is reported as restricted when there are limitations imposed on its use through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

L. Income Taxes

The Authority is exempt from federal and state income taxes. The Authority is also exempt from property taxes but makes payments in lieu of taxes on owned housing.

M. Budgets and Budgetary Accounting

The Board of Commissioners adopts an operating budget effective April 1 annually. This budget may be revised by the Board of Commissioners during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption.

N. Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; the disclosure of contingent assets and liabilities; and the reported revenues and expenses. Actual results could differ from those estimates.

O. Encumbrances

Encumbrance accounting is not employed by the Authority.

P. Grant Restrictions

The Authority has received loans and grants from the U.S. Department of Housing and Urban Development. The grants require that only individuals and families that meet various income, age and employment standards be housed or aided.

Q. Cost Allocation Procedures

Cost allocation procedures are divided into one of the following three methods, 1) Direct Costs, 2) Indirect Costs, 3) Fee for Service.

Direct Allocation Method: this method is used when the cost being incurred directly benefits a specific “program, region, development, project or site”. Allocation at the regional, development, project or site level shall be allocated by using the ratio of number of bedrooms managed (zero bedroom units will count as 1). Allocation at the Program level will be based on a common factor within the program area, such as units within a grant, grant award amounts, or other reasonable factors where allowed.

Indirect Allocation Method: this method is used when the cost being incurred is for a common or joint objective and therefore does not directly benefit a specific “program, region, development, project or site”. These costs will be allocated using a rationale from direct salary allocation plan consistent with Uniform Guidance. The direct salary allocation plan will be established annually as a part of the annual budget process.

Fee for Service Method: this method is used when an employee performs work outside of their budgeted allocation. The fee for service method will reduce the allocations of salary and benefits from the program that the position was originally budgeted for. This method should be documented on a time reporting process, either by way of time card or activity log or both.

R. Loan Costs

The Authority has implemented GASB Statement No. 65 *Items Previously Reported as Assets and Liabilities*. The Statement requires that debt issuance costs be reported as expenses when incurred since they no longer meet the definition of an asset. The component units are nonprofit public benefit corporations and limited partnerships and they follow the guidance of the Financial Accounting Standards Board for their financial reporting. Certain recognition criteria and presentation features are different from GASB. For instance, prior to January 1, 2017, these entities reported debt issuance costs as an asset amortized over time. During 2017, these entities adopted new accounting guidance required by accounting principles generally accepted in the United State of America and changed its method of accounting for debt issuance costs and related amortization of such costs. The net of these costs are now reported as a direct reduction of notes payable. No modifications have been made to the audited financial information as presented. The unamortized value of the loan costs does not have a material effect on the Authority’s net position. Net loan costs of \$21,676 have been netted with long-term debt of the primary government, for the blended component units, while \$56,759 have been netted with long-term debt of the component units, for the discretely presented component units.

S. Pension Plan

The Authority participates in a cost-sharing multi-employer defined benefit retirement plan that is administered by the Contra Costa County Employees' Retirement Association (CCCERA). Contributions to CCCERA are made on a current basis as required by the plan and are charged to expenditures. The Authority used actuarial reports supplied by CCCERA for the purpose of measuring the net pension liability, deferred outflows and inflows of resources related to the pension plan. The valuation date of the latest actuarial report was December 31, 2017, with a measurement date for employer reporting as of June 30, 2018.

T. Postemployment Benefits Other than Pension (OPEB)

The Authority provides a defined benefit health care program to its retired employees and their dependents. The Authority has established a trust account to administer the funding of the OPEB plan. The Authority used actuarial valuation reports supplied by OPEB consultants to recognize net OPEB liability, deferred outflows and inflows of resources, and expenses related to the plan in accordance with GASB 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The dates of the latest report are (1) valuation date of April 1, 2016, (2) measurement date of June 30, 2017, and (3) fiscal year end of March 31, 2018.

U. New Accounting Pronouncements

Pronouncements Implemented During the Current Fiscal Year

GASB Statement No. 74 *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans* - The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. The requirements of this Statement improve financial reporting primarily through enhanced note disclosures and schedules of required supplemental information that were presented by OPEB plans that are administered through trusts that meet the specific criteria. There was no financial impact as a result of the implementation of this Statement.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* - The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). The primary requirements of this Statement are the recognition of the entire OPEB liability and a more comprehensive measure of OPEB expense. The implementation of this Statement resulted in a restatement, decreasing beginning net position of the primary government by \$2,824,938. See also footnote 12 to the basic financial statements.

Pronouncements to be Implemented in Subsequent Years

In June 2017, the GASB issued Statement No. 87, *Leases*. The implementation of GASB Statement No. 87 will occur in the next fiscal year. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The statement requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provision of the contract. The impact of this pronouncement is not know at this time.

Disclosure Related to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market rates. See the table shown later in this note titled “Investment Disclosure” for the maturity dates for each of the Authority’s investments.

Disclosures related to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. See the table shown later in this note titled “Investment Disclosure” for the ratings assigned to the issuer for each of the Authority’s investments.

Concentration of Credit Risk

See the table shown later in this note titled “Investment Disclosure” to determine how the Authority’s investments are concentrated. These investments are owned by the following programs:

Public Housing Program	\$ 2,127,186	43.31%
Housing Choice Voucher Program	1,387,870	28.26%
Central Office Cost Center	897,965	18.28%
Other State and Local Programs	<u>498,399</u>	10.15%
Total investments	<u>\$ 4,911,420</u>	

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the Authority’s investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the

Note 2 (continued)

following provision for deposits: The California Government Code requires California banks and savings and loan associations to secure the Authority's deposits not covered by federal deposit insurance by pledging mortgages or government securities as collateral. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure Authority deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. Such collateral must be held in the pledging bank's trust department in a separate depository in an account for the Authority.

The custodial risk for investments is the risk that, in the event of the failure of the counterparty (broker-dealer, etc) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Authority's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

The Authority has executed a "General Depository Agreement" with WestAmerica Bank dated October 24, 2005. This agreement states that "any portion of PHA funds not insured by a Federal insurance organization shall be fully (100%) and continuously collateralized with specific and identifiable U.S. Government or Agency securities prescribed by HUD."

The Authority's exposure to custodial credit risk is as follows:

Demand deposits with banks, fully insured by FDIC	\$ 250,000
Demand deposits with banks covered by depository agreements	3,740,507
Cash held by investment companies	39,972
Deposits held by CHFA	<u>632,471</u>
Total demand deposits and cash held by other agencies	<u>\$ 4,662,950</u>

The Authority categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The

hierarchy for the Authority's investments are considered Level 2, except for the LAIF investments which are not subject to fair value hierarchy.

The Authority has not executed a General Depository Agreement with either the Local Agency Investment Fund (LAIF) or Cantella Investments (the Authority's broker for investments other than LAIF).

The Authority is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The LAIF is a special fund of the California State Treasury through which local governments may pool investments. Each government agency may invest up to \$30,000,000 in each account in the fund. Investments in LAIF are highly liquid, as deposits can be converted to cash within twenty-four hours without loss of interest or principal. The full faith and credit of the State of California secure investments in LAIF.

At March 31, 2018, an account was maintained in the name of the Housing Authority of the County of Contra Costa for \$498,175. The total cost value of investment in LAIF was \$498,175. The total fair value of investments in LAIF was \$496,949. The fair value total includes an unrealized loss on investments of \$1,226. The unrealized loss was based on a fair value adjustment factor of 0.997538001 that was calculated by the State of California Treasurer's Office. The unrealized loss was not recorded by the Authority and is considered immaterial. Of the \$498,175 invested in LAIF, \$500,029 is recorded as assets of the Authority. The difference includes \$1,854 of interest receivable from LAIF as of March 31, 2018, shown by the Authority as investments.

LAIF is a part of the State of California Pooled Money Investment Account (PMIA). At March 31, 2018, the fair value of the State of California Pooled Money Investment Account (PMIA), including accrued interest, was \$75,021,981,682. The PMIA portfolio had securities in the form of structured notes totaling \$825 million and asset-backed securities totaling \$1,295,137,000. The PMIA has policies, goals and objectives for the portfolio to make certain that the goals of safety, liquidity, and yield are not jeopardized. These policies are formulated by investment staff and reviewed by both the PMIA and LAIF Advisory Boards on an annual basis. LAIF's and the Authority's exposure to credit, market, or legal risk is not available.

During 2002, California Government code was added to the LAIF's enabling legislation stating that "the right of a city, county...special district...to withdraw its deposited money from the LAIF upon demand may not be altered, impaired, or denied in any way by any state official or state agency based upon the State's failure to adopt a State Budget by July 1 of each new fiscal year." In addition, it has been determined that the State of California cannot declare bankruptcy under Federal regulations. This allows other government code stating that "money placed with the State Treasurer for deposit in the LAIF shall not be subject to ...transfer or loan...or impound or seizure by any state official or state agency" to stand.

Note 4 (continued)

The Authority has made deferred payment loans to individuals and organizations under the County's Community Development Block Grant (CDBG) and Rental Rehabilitation (RR) Programs. These loans are secured by deeds of trust in the name of the County of Contra Costa or the City of Antioch. These programs are revolving loan programs administered by the Authority. Any repayments of outstanding loans, or interest on the loans, must be used for new loans or program administration as authorized by the County or the City of Antioch. These loans typically earn 3% interest per annum. These notes receivable, along with all of the accrued interest, are offset by an equal amount shown in other noncurrent liabilities (See Note 9).

The Authority administers an employee loan program whereby employees can borrow funds for the purpose of purchasing a computer to be used at home. These loans accrue no interest. Payments are made through the payroll system.

Pursuant to a demand note dated June 30, 1994, the Authority may be liable to HACCC Casa Del Rio, Inc for \$185,000. Although the note is due upon demand, the maturity date is December 31, 2059. The note will be called prior to maturity only in the event that there are operating deficits and there is insufficient cash available to cover expenses.

The Authority has also issued a note to the DeAnza Gardens, L.P., which is a discretely presented component unit of the Authority (see Note 1.B.). The note bears simple interest at the rate 3% per annum, payments are due commencing on October 1, 2005, but are payable only to the extent of the previous years' excess/distributable cash, and is due June 2043. No payments, of interest or principal, have been received on this loan.

Not shown on the previous schedule, the DeAnza Housing Corporation issued a note in the amount of \$1,000,000 bearing simple interest at 6.8%, to be paid in full June 2043. This second note is an intra-fund transaction. DeAnza Gardens L.P. owes the DeAnza Housing Corporation. This loan has been eliminated from the discretely presented component unit column of the Statement of Net Position. Since this loan does not effect the Authority, it is not shown in the table on the prior page.

HOUSING AUTHORITY OF THE COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
MARCH 31, 2018

(Continued)

Note 6 (continued)

During December 2006, the Authority purchased an office building to house the staff of their Housing Choice Voucher Program. To facilitate this purchase, the Authority borrowed \$2,847,500 from WestAmerica Bank on December 15, 2006. Originally, the interest on this loan was 6.75% per annum. The interest rate decreased to 6% in 2012 and 5.25% in 2013. On November 1, 2015, the terms of the loan agreement with WestAmerica Bank were changed. As of November 1, 2015, the \$2,335,903 loan will be amortized over 120 months, is due November 1, 2025, requires monthly payments of \$24,685, and accrues interest at a fixed rate of 4.850% per annum. Interest of \$98,211 and loan fees of \$2,850 were paid to WestAmerica Bank and expensed during the fiscal year ended March 31, 2018.

The California Housing Finance Agency note, received through the State of California, is dated November 14, 1994. The original amount borrowed was \$600,000. The loan carries a simple interest rate of 7.8% per annum. Principal and interest are payable in monthly installments of \$4,319. The note is due in full December 2024. Interest in the amount of \$22,987 was paid and expensed during the calendar year ended December 31, 2017.

The Rental Housing Construction Program note, received through the State of California, is dated January 15, 1993. The original amount borrowed was \$2,626,618. The loan accrues interest at a rate of 3% per annum. Payments are required on this loan only to the extent that the Casa Del Rio project has surplus cash. This note and interest on the note are due June 5, 2054. No principal or interest payments were made on this loan during the year ended December 31, 2017. Interest was expensed in the amount of \$78,787. The amount of deferred interest accrued as payable as of the end of the fiscal year was \$1,882,677. The entire amount is considered to be long-term and is shown as other noncurrent liabilities. See also Note 9.

Costs incurred in order to obtain permanent financing for the Casa Del Rio notes were \$94,143 and are amortized on a straight-line basis into interest expense over the term of the loan. Interest expense amortization of permanent loan costs was \$3,140 during the current fiscal year.

Pursuant to a demand note dated June 30, 1994, the Authority may be liable to HACCC Casa Del Rio, Inc for \$185,000. Although the note is due upon demand, the maturity date is December 31, 2059. The note will be called prior to maturity only in the event that there are operating deficits and there is insufficient cash available to cover expenses.

Note 7 - PAYMENT IN LIEU OF TAXES

In connection with the Public Housing Program, the Authority is obligated to make annual payments in lieu of property taxes based on the lesser of 25% of the assessable value of owned housing, times the current tax rate; or 10% of the dwelling rents, net of utilities expense. At March 31, 2018, \$92,763 was expensed for payment in lieu of taxes. Approximately 75% is payable as of March 31, 2018 and is shown as *Due to Other Agencies*.

governments; or imposed by law through constitutional provisions or enabling legislation. The Authority has reported the following as restricted net position:

Casa Del Rio Senior Housing - Reserves		<u>632,471</u>
Restricted net position	\$	<u><u>1,499,344</u></u>

In 2012, HUD implemented cash management procedures which mitigated the accumulation of excess HAP in Net Restricted Asset accounts by PHAs. These procedures based the payment of HAP on actual need reported by PHAs in the Voucher Management System (VMS). Most excess allocation is now held by HUD until PHAs demonstrate the need for the disbursement of funds. The balance in the HUD held reserves as of March 31, 2018 was approximately \$400,000.

The restricted net position associated with the Casa Del Rio Senior Housing represents replacement and operating reserves required by CHFA. These funds are being held by CHFA and are fully funded. See also Note 3.

C. Deficit Unrestricted Net Position

The Authority's Other State and Local Enterprise Fund had a deficit unrestricted net position balance as of March 31, 2018, of \$10,299,000. This deficit is the result of the Authority's compliance with GASB Statement 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement 27* and GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)*. The Other State and Local Enterprise Fund holds the deferred outflows of resources, deferred inflows of resources, the net pension liability, and the OPEB liability of the Authority's plans. These balances change annually as payments are made to the plan and as actuarial information is received regarding the plan.

The following detail provides as overview of the Other State and Local Enterprise Fund unrestricted net position:

Note 11 - RETIREMENT PLAN

A. Plan Description

The Authority participates in a cost-sharing multiple-employer defined benefit retirement plan that is administered by the Contra Costa County Employees' Retirement Association (CCCERA) under the County's Employee's Retirement Law of 1937 (1937 Act) and the Public Employee's Pension Act of 2013 (PEPRA). A more detailed description of the plan and the benefits provided can be obtained from the CCCERA's Comprehensive Annual Financial Report and the CCCERA's Actuarial Valuation and Review, which are located at www.cccera.org. CCCERA is a component unit of the County of Contra Costa.

CCCERA follows accounting principles and reporting guidelines set forth by GASB. The financial statements are prepared in accordance with generally accepted accounting principles in the United States of America, under which revenues are recognized when earned and deductions are recorded when the liability is incurred. Contributions are recognized in the period due, investment income is recognized as revenue when earned, retirement benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the Plan. Investments are carried at fair value. There have been no significant changes to the plan.

B. Benefits Provided

All full-time employees of the Authority participate in this plan. There are currently 77 active plan members and 69 retirees or beneficiaries receiving benefits. The plan provides death, disability and service retirement benefits, in accordance with the 1937 ACT. Annual cost-of-living adjustments (COLA) to retirement benefits can be granted by the Retirement Board as provided by State statutes. The Authority has two applicable tiers, Tier 1 Enhanced and PEPRA Tier IV (3% Max COLA).

Tier 1 Enhanced employees are those with a membership prior to January 1, 2013. These members are eligible to retire once they attain the age of 70 regardless of service or at age 50, with 10 or more years of retirement service credit. A member with 30 years of service is eligible to retire regardless of age. Benefits are calculated pursuant to Section 31676.16 for Enhanced Benefit Formulae. The monthly allowance is 1/50th (Enhanced) of final compensation times years of accrued retirement service credit times age factor from Section 31676.16 (Enhanced). The maximum retirement benefit is 100% of final compensation. Final average compensation consists of the highest 12 consecutive months.

PEPRA Tier IV employees are those with a membership on or after January 1, 2013. These members are eligible to retire once they have attained the age of 70 regardless of service or at 52, with five years of retirement service credits. Benefits are calculated pursuant to the provisions found in California Government Code Section 7522.20(a). The monthly

allowance is equal to the final compensation multiplied by years of accrued retirement credit multiplied by the age factor from Section 7522.20(a). There is no final compensation limit in the maximum retirement benefit for this tier. Final average compensation consist of the highest 36 consecutive months.

C. Contributions

The Authority contributes to the retirement plan based upon actuarially determined contribution rates adopted by the Board of Retirement. Employer contribution rates are adopted annually based upon recommendations received from the CCCERA actuary after the completion of the annual actuarial valuation. Contribution rates for Tier 1 vary based on the employee’s age at entry into the plan. Members are required to make contributions to CCCERA regardless of the retirement plan or tier in which they are included. The rates and contributions made during the fiscal year ended March 31, 2018 were as follows:

Tier	Payroll Subject to Contribution	Employer Contribution	as a % of Contribution	Employee Contribution	as a % of Contribution
Classic (tier 1)	\$ 3,978,734	\$ 1,850,205	46.50%	\$ 295,546	7.43%
PEPRA	<u>1,151,631</u>	<u>478,954</u>	41.59%	<u>81,295</u>	7.06%
Total	<u>\$ 5,130,365</u>	<u>\$ 2,329,159</u>	45.40%	<u>\$ 376,841</u>	7.35%

The contributions made by the Authority of \$2,329,159, including \$186,698 employer subvention of member contributions. As of March 31, 2018, the Authority owed CCCERA \$230,696. This liability is short-term, represents March contributions paid in April 2018, and is reported as “accrued salaries and related costs” in the Statement of Net Position - Proprietary Funds.

D. Net Pension Liability

The *Governmental Accounting Standards 68 Actuarial Valuation Based on December 31, 2017 Measurement Date for Employer Reporting as of June 30, 2018*, provided by CCCERA outlines the net pension liability (NPL) allocated to its member employers as based on the following definition of covered payroll - “Only compensation earnable and pensionable would go into the determination of retirement benefits”. The NPL was measured as of December 31, 2017 and 2016. The Plan’s Fiduciary Net Position was valued as of the measurement date while the TPL was determined based upon rolling forward the results of the actuarial valuations as of December 31, 2016 and 2015, respectively. In addition, any changes in actuarial assumptions or plan provisions that occurred between the valuation date and the measurement date have been reflected.

The TPL and the Plan's Fiduciary Net Position include liabilities and assets held for the Post Retirement Death Benefit Reserve.

E. Pension Expense and Deferred Outflows/Inflows of Resources Related to Pension

Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or method, and plan benefits as follows:

	<u>12/31/2017</u>	<u>12/31/2016</u>

Note 11 (continued)

Deferred outflows and inflows of resources represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner. In addition, deferred outflows of resources include employer contributions to the pension plan made subsequent to the measurement date, as follows:

	Deferred Outflows	Deferred Inflows
Changes in proportion and differences between employer's contribution and proportionate share of contribution (1)	\$ 294,415	\$ 35,713
Changes in assumptions or other input	189,008	77
Net excess of projected over actual earnings on pension plan investments	-	1,615,925
Difference between expected and actual experience in the TPL	-	617,916
Balances per actuarial report - measurement date 12/31/2017	483,423	2,269,631
Employer contributions made January thru March 2018	541,114	-
Balances reported March 31, 2018	\$ 1,024,537	\$ 2,269,631

(1) Calculated in accordance with Paragraph 54 and 55 of GASB 68

Deferred outflows and inflows of resources, other than the employer contributions noted above are reported in the aggregate as net deferred inflows and will be recognized in future pension expense as follows:

Measurement period:	
2019	\$ (279,059)
2020	(65,797)
2021	(725,440)
2022	(715,912)
	\$ (1,786,208)

The amount reported as deferred outflows of resources related to employer contributions made January through March 2018, should have the effect of reducing net pension liability during the next actuarial measurement period.

F. Actuarial Assumptions

The total pension liability (TPL) as of December 31, 2017, and December 31, 2016 were determined by actuarial valuations as of December 31, 2016 and December 31, 2015, respectively. The actuarial assumptions used were based on the results of an experience study for the period January 1, 2012 through December 31, 2014. They are the same as the assumptions used in the CCCERA funding actuarial valuations as of December 31, 2017 and 2016 funding actuarial valuations for CCCERA. The following actuarial assumptions were applied to all periods included in the measurement for both the December 31, 2017 and 2016 actuarial valuations.

When measuring pension liability GASB uses the same actuarial cost method (Entry Age method) and the same type of discount rate (expected return on assets) as CCCERA uses for funding. This means that the TPL measured for financial reporting shown in this report is determined on generally the same basis as CCCERA's actuarial accrued liability (AAL) measure for funding.

Mortality rates for member contribution rates for members were based on the Headcount Weighted RP-2014 Healthy Annuitant Mortality Table, projected to 2034 with the two-dimensional MP-2015 projection scale, weighted 30% male and 70% female.

The long-term expected rate of return on pension plan investments determined in 2017 using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. This information is combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin.

The target allocation (approved by the CCCERA Board) and projected arithmetic real rates of return for each major asset class, after deducting inflation but before deducting investment expensed, used in the derivation of the long-term expected investment rate of return assumption are summarized in the following table:

Note 11 (continued)

The discount rate used to measure the TPL was 7% as of both December 31, 2017 and December 31, 2016. The projection of cash flows used to determine the discount rate assumed employer and employee contributions will be made at the rates equal to the actuarially determined contribution rates. For this purpose, only employee and employer contributions that are intended to fund benefits for current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions for future plan members, are not included. Based on those assumptions, the Pension Plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL as of both December 31, 2017 and 2016.

Note 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION

Plan Description: Contra Costa County Housing Authority (The Authority) administers a single-employer, defined benefit health care plan. Currently, the plan provides postemployment medical and dental insurance benefits to eligible employees, and their dependents, who retire from the Authority and commence receiving their CCCERA pension at the time of retirement. Health benefit provisions for active employees are established and may be amended through negotiations between the Authority and their bargaining unit and employee groups. The Authority does not issue a separate audit report on its post retirement health benefit plan.

The Contra Costa County Board of Supervisors appointed the Executive Director of the Authority as the Plan Administrator. As of March 31, 2018, Public Agency Retirement Services is the Trust Administrator.

The Contra Costa County Board of Supervisors has the right at any time and for any reason, in its sole discretion, to modify, alter, or amend the Plan in whole or in any part, in any manner and without limit, including reducing or eliminating the payment of any benefits. WestAmerica Bank (Trustee) shall, upon written direction of the Plan Administrator, make distributions from the assets of the Trust to the insurers, third party administrators, health care and welfare providers or other entities providing Plan benefits or services, or to the employer for reimbursement of Plan benefits and expenses paid by the employer.

Benefits: The Authority has contracted with Kaiser Permanente, Anthem, United Healthcare, Blue Shield, and the California Public Employees' Retirement System (CalPERS) to provide medical benefits and Delta Dental for dental benefits.

Note 12 (continued)

The Authority contributes the cost of retiree medical and dependent medical and dental coverage up to specified limits. The maximum monthly contributions are:

<u>Coverage Level</u>	<u>Maximum Monthly Contribution</u>
Retiree	\$345
Retiree +1	\$679
Retiree +2	\$980

These caps are not expected to increase in the future. At the retiree's death a surviving spouse may elect to continue coverage. However, they must contribute 100% of the required contribution. The retiree dental plan is the same as the plan provided to active employees. Monthly dental only premiums are:

<u>Coverage Level</u>	<u>Dental Only Premium</u>
Retiree	\$ 63.72
Retiree +1	\$110.81
Retiree +2	\$186.36

Eligibility: Eligibility for retiree medical and dental benefits generally require an employee to (1) be age 50 or older with at least 10 years of service with the Authority, (2) be age 55 or older with at least 5 years of service with the Authority, or (3) have completed 30 or more years of service with the Authority.

Demographic Data for the fiscal year ended June 30, 2017:

Retirees and beneficiaries receiving benefits	64
Active plan members	<u>81</u>
Total	<u><u>145</u></u>

Contributions: The contribution requirements of program members and the Authority are determined by negotiations between the Authority and the respective unions and employee groups. There is currently no requirement for employees to contribute to the plan.

In 2016, The Authority established a trust account with the Public Agency Retirement Services (PARS) to administer the funding of the projected benefits of the OPEB plan. Monthly, the Authority makes healthcare premium payments for its current retirees to the benefit providers. The retiree contributes any necessary amount of the premium cost that exceeds the specific established plan limits. The Authority then makes deposits into their PARS trust account for the difference between the actuarially determined annual OPEB cost and the out-of-pocket payments made to the healthcare benefit providers.

Investments: The Plan’s policy in regard to the allocation of invested assets is established and may be amended by the Plan Administrator. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the Plan. The following was the adopted asset allocation policy as of June 30, 2017:

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB:

Annual OPEB Expense and Net OPEB Liability - At June 30, 2017, the Authority reported \$5,726,101 for the net OPEB liability. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was based on an actuarial valuation as of April 1, 2016. The actuarial report presents liabilities as of the measurement date of June 30, 2017 that are based on an interim valuation. When an interim valuation is performed, both the census data and the assumptions and methods do not need to be updated; while the assets, plan provision changes materially impacting the results, and the discount rate are updated. The Authority’s net OPEB liability was based on a projection of the Authority’s covered payroll of \$5,182,762.

Plan Fiduciary Net Position (plan assets) was valued as of the measurement date while the total OPEB liability was determined based upon rolling forward the total OPEB liability from actuarial valuations as of April 1, 2016. As of June 30, 2017, the Plan Fiduciary Net Position was \$202,266.

For the year ended March 31, 2018, the Authority recognized OPEB expense of \$590,638. OPEB expense represents the change in the net OPEB liability during the measurement period, adjusted

The Authority implemented GASB Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, during the current fiscal year. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense. To comply with this Statement and recognize the full amount of the Total OPEB Liability, the Authority reported a prior period adjustment of \$2,824,938. Please note that this amount differs from the total prior period adjustment by \$1,768,

which represents an adjustment to recognize interest earned on restricted funds in prior years and required by HUD to be returned (see also Note 3).

At March 31, 2018, the Authority reported deferred inflows of resources and deferred outflows of resources related to OPEB for the following resources:

	Deferred Outflows	Deferred Inflows
Differences between expected and actual experience in the measurement of TOL	\$	\$ 8,562
Changes in assumptions		-
Net differences between projected and actual earnings of OPEB plan investments	-	3,750
Balances per actuarial report - measurement date 6/30/2017	-	12,312
Employer contributions made July 2017 thru March 2018	468,447	-
Balances reported March 31, 2018	\$ 468,447	\$ 12,312

Deferred outflows and inflows of resources, other than the employer contributions noted above, will be recognized in future pension expense as follows:

Measurement period:	
2019	\$ (3,953)
2020	(3,953)
2021	(3,470)
2022	(936)
	\$ (12,312)

The amount reported as deferred outflows of resources related to employer contributions made January through March 2018, should have the effect of reducing net pension liability during the next actuarial measurement period.

Actuarial Methods and Assumptions: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The total OPEB liability was determined by an actuarial valuation as of April 1, 2016, with a valuation date of June 30, 2017. The Entry Age Normal actuarial cost method was used, a method under which the actuarial present value of the projected benefits of each individual included in the valuation is allocated on a level basis over the earnings or service of the individual between

Note 12 (continued)

entry age and assumed exit ages. The portion of this Actuarial Present Value allocated to a valuation year is called the normal cost. The methodology used for amortization was straight-line. For assumption changes and experience gains/losses, it was assumed Average Future Working Lifetime, averages over all activities and retirees (retirees are assumed to have no future working years). Asset gains and losses are assumed 5 years. Assets are valued at the market value of assets as of the measurement date. The Authority intends to contribute the ADC to the PARS trust each year. In addition pay-as-you-go benefit payments will be paid outside of the trust.

The Authority used the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

The Authority has received funds from various federal, state and local grant programs. It is possible that at some future date it may be determined that the Authority was not in compliance with applicable grant requirements. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the Authority does not expect such disallowed amounts, if any, to materially affect the financial statements.

B. Line of Credit

On January 5, 2018, the Authority renewed an agreement with WestAmerica Bank for a \$1 million line of credit. The interest rate is variable, but will not exceed the amount allowed by law. The initial rate for this line of credit was 6.5%. It is the Authority's intention to use this line of credit to cover any shortage in cash flow, if any, that may arise over the term of the loan. No amounts were drawn on this line of credit during the current fiscal year.

C. Litigation

The Authority is involved in various matters of litigation. It is the Authority's opinion that these matters of litigation will not have a material effect, if any, on the financial position of the Authority.

D. Audit by Funding Agency

During 2018, the Office of Housing Voucher Program, Quality Assurance Division staff conducted an on-site Financial Management Review. The final version of the report has not yet been issued. It is the Authority's opinion that any matters of discussion will not have a material effect, if any, on the financial position of the Authority.

Note 16 - ECONOMIC DEPENDENCE

The Authority receives a significant portion of its revenue from the U.S. Department of Housing and Urban Development. See the Schedule of Expenditures of Federal Awards, shown as supplemental information, for the HUD programs that the Authority administers. These programs are currently on-going. However, they are dependent on the Federal budgeting processes, and therefore, funding will vary from year to year.

Note 17 - RISK MANAGEMENT

Workers Compensation Insurance: The Authority participates in a joint venture under a joint powers agreement (JPA) with the California Housing Workers' Compensation Authority (CHWCA). CHWCA was formed to provide workers' compensation insurance coverage for member housing authorities. At December 31, 2017, there were thirty-two members. The relationship between the Authority and CHWCA is such that CHWCA is not a component unit of the Authority for financial reporting purposes.

Condensed CHWCA audited financial information is as follows:

	<u>December 31, 2017</u>	<u>December 31, 2016</u>
Total assets	\$ 27,349,298	\$ 26,789,732
Total liabilities	<u>(15,055,537)</u>	<u>(15,021,154)</u>
Net position	<u>\$ 12,293,761</u>	<u>\$ 11,768,578</u>
Total revenues	\$ 6,348,609	\$ 5,351,150

Net change in net position	<u>\$ 525,183</u>	<u>\$ 2,062,864</u>

CHWCA had no long-term debt outstanding at December 31, 2017. The Authority's share of year end assets, liabilities, or retained earnings has not been calculated. The Authority's annual premium is based on covered payroll. Premiums paid for the calendar year ended December 31, 2017 were \$246,025. CHWCA issues a separate annual financial report, which may be obtained by contacting Bickmore Risk Services, 6371 Auburn Blvd, #B, Citrus Heights, California, 95621.

Property and Liability Insurance: The Authority carries insurance for its various operations with the Housing Authority Insurance Services (HAI), the Housing Authority Risk Retention Group (HARRG), and Employment Risk Management Authority (ERMA). The property insurance limits vary by property covered, with a deductible of \$50,000 per occurrence. The commercial liability limit of coverage is \$5,000,000 aggregate for the policy year. The deductible is \$25,000 per occurrence. The liability insurance covers bodily injury and property damage liability (\$5 million limit), mold liability (\$250,000 limit), and employee benefits administration liability (\$1 million limit, with a deductible of \$1,000 per employee). The automobile insurance limits are \$4 million for liability, \$1 million for non-owned hired autos, and \$1 million for uninsured motorists. Employment liability insurance coverage through ERMA is \$1 million with a \$50,000 deductible per occurrence. Premiums paid for this coverage were approximately \$167,600 for the policy year beginning June 1, 2017.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
Housing Authority of the
County of Contra Costa
Martinez, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the County of Contra Costa, California, as of and for the year ended March 31, 2018, and the related notes to the financial statements, which collectively comprise the Housing Authority of the County of Contra Costa, California's basic financial statements, and have issued our report thereon dated November 30, 2018. Our report includes a reference to other auditors who audited the financial statements of the blended component units and discretely presented component units, as described in our report on the Housing Authority of the County of Contra Costa, California's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the County of Contra Costa, California's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the County of Contra Costa, California's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the County of Contra Costa, California's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the County of Contra Costa, California's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Commissioners
Housing Authority of the
County of Contra Costa
Martinez, California

Report on Compliance for Each Major Federal Program

We have audited the Housing Authority of the County of Contra Costa, California's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Housing Authority of the County of Contra Costa, California's major federal programs for the year ended March 31, 2018. The Housing Authority of the County of Contra Costa, California's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Housing Authority of the County of Contra Costa, California's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of the County of Contra Costa, California's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Housing Authority of the County of Contra Costa, California's compliance.

Opinion on Each Major Federal Program

In our opinion, the Housing Authority of the County of Contra Costa, California complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2018.

Report on Internal Control Over Compliance

Management of the Housing Authority of the County of Contra Costa, California is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Housing Authority of the County of Contra Costa, California's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the County of Contra Costa, California's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal programs that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

Subject: UPDATES TO THE CALIFORNIA HOUSING WORKERS' COMPENSATION AUTHORITY JOINT POWERS AGREEMENT

RECOMMENDATIONS

ADOPT Resolution No. 5219 approving updates to the California Housing Workers' Compensation Authority (CHWCA) Joint Powers Agreement.

BACKGROUND

CHWCA is a Joint Powers Authority (JPA) that provides a shared risk pool for workers' compensation claims to 33 housing authorities. Our Housing Authority was a founding member of CHWCA and we have received workers' compensation coverage from CHWCA since 1990.

At its November 15, 2018 meeting, CHWCA's Executive Committee reviewed various proposed changes to CHWCA's governing documents, including the By-Laws, the Financial Stability Plan, the Underwriting Guidelines and the Joint Powers Agreement. Changes to the first three were approved by the Executive Committee, as it is empowered to do. Changes to the JPA Agreement, however, require approval of two-thirds of the CHWCA Members, acting through their governing bodies. Hence, this Board Order and attached Resolution.

BACKGROUND (CONT'D)

The proposed changes are considered relatively modest, and are as follows:

- Update language to capture technical differences in the terms “reinsurance” and “excess insurance;”
- Clarify intent as to discontinuing business if a meeting quorum is lost;
- Replace the self-insurance term “contribution” for the insurance term “premium;”
- Clarify intent in the liability and indemnification article;
- Update a stale reference to a Government Code section.

In addition to the required Resolution, attached to this Board Order are the November 15th staff report to CHWCA's Executive Committee in support of the proposed changes, along with a copy of the JPA Agreement that highlights the proposed changes.

FISCAL IMPACT

None. The proposed changes are minor grammatical, clarifying and technical corrections.

CONSEQUENCE OF NEGATIVE ACTION

Should the Board of Commissioners elect not to approve the proposed changes to CHWCA's JPA Agreement, this could delay the improvement of CHWCA's existing Agreement.

EXECUTIVE COMMITTEE MEETING**

November 15, 2018

Agenda Item 9.A.

JPA ADMINISTRATION

SUBJECT: Review of the CHWCA JPA Agreement – Ric Burwell, Executive Director

ISSUE:

At its August 2018 meeting, the Executive Committee approved updated Underwriting Guidelines. While this action was initiated largely to meet a requirement for triennial *Accreditation with Excellence* by California Association of Joint Powers Authorities (CAJPA), the Committee agreed with staff's suggested undertaking of a more comprehensive review of the JPA's governing documents. Accordingly, staff and counsel reviewed CHWCA's Joint Powers Agreement, Bylaws, Financial Stability Plan and Underwriting Guidelines and jointly bring forward proposed updates at this time.

Since the governing body's approval process varies throughout the documents, they are being brought forward as separate action items in this agenda.

EXECUTIVE DIRECTOR'S COMMENTS AND OBSERVATIONS:

A thorough review of an agency's governing documents is not a glamorous job, but I strongly believe in its importance. Documents can become stale and sometimes even noncompliant with current laws and regulations. More commonly, amendments or updates to one document do not automatically get replicated in its companions.

Occasionally, the tone and temperament of the agency itself can change over time. Its governing documents, while seeking to preserve its core values, should also reflect the evolution of those values.

With that in mind, below are the objectives staff sought to achieve in this review:

The documents should define, shape and uphold over time the core values and strategic goals of the organization. Simultaneously, they should allow for institutional changes to come about in a reasonable and intentional manner.

The documents should allow and encourage effective, timely and responsive operations of the organization's business, in CHWCA's case, by clear and broad delegation to its Executive Committee.

The documents should be kept congruent with one another.

Language should be clear, concise and direct. Language should be contemporary, inclusive and gender-neutral. As much as possible, language should be unburdened by jargon or overly bureaucratic usage.

CALIFORNIA HOUSING WORKERS' COMPENSATION AUTHORITY
EXECUTIVE COMMITTEE MEETING
November 15, 2018

Agenda Item 9.A.

Page 2

In particular, language should reflect that CHWCA is not an insurer, but rather a shared-risk pooling of resources and efforts. CHWCA's member agencies are just that: members. They are not just customers; they are also owners and are jointly responsible and accountable to one another. In that sense, the member agencies do not pay *premiums* to a for-profit company; they make *contributions* to their own mutual protection and welfare. This specific distinction in usage – which generated many of the proposed edits – is practical as well as philosophical or symbolic. Many risk-sharing pools seek to remove terminology that closely mirrors insurance, favoring instead language based on the JPA's legal status as a government agency. Under many circumstances, it is more favorable to the JPA that its Memoranda of Coverage and other key documents be interpreted as contracts among equals, not as insurance policies.

I am pleased to report back to the EC that I found CHWCA's governing documents to be robust, well-crafted and closely aligned to the objectives outlined above.

BACKGROUND AND HISTORY:

CHWCA's Joint Powers Agreement was most recently updated in 2005.

The proposed changes to the Agreement are shown in redline format. One proposed change is a revision of the requirement to maintain a quorum throughout the course of a meeting. The other substantive change is to update replace "premium(s)" with "contributions(s)" throughout the document.

Amendment of the JPA Agreement requires a two-thirds approval by the member agencies, acting through their governing bodies.

STAFF RECOMMENDATION:

Staff recommends the Executive Committee recommend to the Board approval of attached updates to the Joint Powers Authority Agreement.

Subject: VOLUNTARY TRANSFER OF THE RICHMOND HOUSING AUTHORITY'S HOUSING CHOICE VOUCHER AND PROJECT-BASED VOUCHER PROGRAMS TO THE COUNTY HOUSING AUTHORITY

RECOMMENDATIONS

ADOPT Resolution No. 5220 titled "Resolution Approving the Transfer of the Richmond Housing Authority's Housing Choice Voucher and Project-Based Voucher Programs to the Housing Authority of the County of Contra Costa" and AUTHORIZE the Housing Authority of the County of Contra Costa's Executive Director to send a letter to the U.S. Department of Housing and Urban Development indicating that HACCC will accept the transfer of the Richmond Housing Authority's Housing Choice Voucher and Project-Based Voucher Programs.

BACKGROUND

As has been discussed with HACCC's Board previously, the U.S. Department of Housing and Urban Development (HUD), the City of Richmond and the Housing Authority of the City of Richmond (RHA) have been discussing for more than a year the possibility of transferring RHA's voucher programs to another housing authority. In accord with HUD Notice PIH 2018-12 (attached), HACCC has been discussed as the preferred housing authority to transfer RHA's voucher programs. This is because HACCC is in the same state as RHA, has jurisdictional authority to administer RHA's voucher programs, has the administrative capacity to manage RHA's existing voucher programs and is a High Performer under HUD's Section 8 Management Assessment Program.

BACKGROUND (CONTD)

At their meeting on February 5, 2019, the RHA Board of Commissioners agreed to formally ask HUD to transfer HACCC's voucher programs to HACCC. This request is only for RHA's voucher programs. RHA intends to keep all of their public housing along with other properties they own or manage under programs such as HOPE VI and RAD. In fact, RHA just hired a new Executive Director to convert their public housing to new, long-term subsidies and to oversee all of their physical properties. RHA's agenda item concerning the voucher transfer and relevant attachments are attached.

While not a common occurrence, the transfer of voucher programs from one housing authority to another is not unusual, especially as administrative responsibilities have increased at the same time that funding has decreased. Below is an informal list (meaning there may be other transfer that were not captured here) of voucher transfers & consolidations between housing authorities in HUD's local region over the past 15 years. You will note that the first of these (in chronological terms) was HACCC's absorption of the San Pablo Housing Authority.

- Yuba consolidated with Sutter (2014)
- Hollister consolidated with Santa Cruz (2014)
- CA-HCD Divested its voucher program to Stanislaus, Shasta, Butte, and Sutter (1/1/2012)
- Nevada County consolidated with Sutter (2011)
- Clark County HA and Las Vegas HA transferred their programs to Southern Nevada Regional HA (2010)
- Mariposa County HA transferred its Section 8 program to California HCD (2010)
- Lassen County HA and Tehama County HA consolidated with Plumas County HA (2008 and 2009)
- North Las Vegas HA transferred its Section 8 program to Las Vegas HA (2009) - now Southern Nevada Regional HA.
- ASI Southern Nevada transferred its Section 8 program to Clark County HA (2007) - now Southern Nevada Regional HA.
- San Juan Bautista HA consolidated with Hollister HA (2007)
- Sacramento City HA consolidated its Section 8 program with Sacramento County HA (2005)
- San Pablo HA consolidated with Contra Costa County HA (2001)

HUD's Notice PIH 2018-12, which largely lays out the process of transferring vouchers between housing authorities, states that transfers can only occur on either July 1st or January 1st of any given year. RHA is asking HUD to transfer their voucher programs to HACCC effective July 1, 2019.

Staff recommend that HACCC accept the transfer of RHA's voucher programs to HACCC and are fine with the July 1st target date. Because portability restrictions will be lifted and HACCC can maintain a local office or offices, HACCC's acceptance of this transfer would provide the greatest service to RHA's clients. If another entity were to receive RHA's voucher program (if another could even legally do so) it would likely increase the bureaucratic burdens on RHA's voucher clients. HACCC's acceptance of this transfer may also increase the availability of PBVs that can be used to fund more affordable housing development. This will depend largely on how many PBVs HUD's and HACCC's program audits show that RHA has committed already and also on future HUD regulatory changes.

Between now and July 1st, staff will need to work out an MOU with RHA detailing all aspects of the transfer process. This, and any other relevant documents, will be brought to the Board as they are updated. Additionally, staff will be seeking additional funding from HUD to ensure the transfer goes as smoothly as possible. It is anticipated that extra staff will have to be hired for a period of up to two years to convert RHA's tenant files into HACCC's format and to ensure that all files meet all of HUD's requirements. In addition to funding, staff will be seeking assurances from HUD that this transfer will not negatively impact HACCC's SEMAP scores or funding for RHA's former vouchers.

Depending on the outcome of staff's ongoing discussions with RHA and HUD, it is possible that staff could come back to the Board and recommend that approval for this transfer be rescinded. This is not expected, but it should be noted. Staff recommends moving forward at this time because the HUD Regional Office has informed us that it cannot request additional funding to help with the transfer from HUD Washington until both RHA and HACCC have formally requested the transfer.

FISCAL IMPACT

The transfer of the Richmond Housing Authority's Voucher programs would increase the Housing Authority of the County of Contra Costa's (HACCC) current contract with HUD from 6,996 vouchers to 9,000 vouchers. Should the transfer occur, it is anticipated that HACCC's projected voucher budget for FYE 2020 would increase from \$117 million to between \$142 million and \$150 million.

CONSEQUENCE OF NEGATIVE ACTION

Should the Board of Commissioners elect not to approve the transfer of RHA's voucher programs to HACCC, then it is likely that RHA's voucher clients would suffer additional bureaucratic burdens. A negative action may also have the affect of costing HACCC additional PBVs that can be used to fund more affordable housing development in the County.

WHEREAS, the U. S. Department of Housing and Urban Development (HUD) has issued policies and guidance (Notice PIH 2018-12) that authorize one housing authority (PHA) to voluntarily transfer the total budget authority and corresponding baseline units for its Housing Choice Voucher (Voucher) and Project-based Voucher (PBV) Programs to another PHA, subject to approval by HUD; and

WHEREAS, due to diminishing funding allocations and operational issues, the Richmond Housing Authority - CA010 (RHA) has determined that administration of the Voucher Program by RHA has become infeasible; and

WHEREAS, the Richmond Housing Authority - CA010 (RHA) has informed HUD that it desires to transfer its allocation of 2,004 Vouchers (and any attendant PBVs) to the Housing Authority of the County of Contra Costa – CA011 (HACCC); and

WHEREAS, HACCC meets HUD's requirements for a receiving PHA under Notice PIH 2018-12 because, among other qualifications, HACCC is in the same state as RHA, has jurisdictional authority to administer RHA's voucher programs, has the administrative capacity to manage RHA's existing voucher programs and is a High Performer under HUD's Section 8 Management Assessment Program; and

WHEREAS, HUD has expressed a preference that HACCC receive the transfer of RHA's vouchers; and

WHEREAS, HACCC intends to work closely with HUD and RHA up until the transfer to ensure that the transfer will not harm HACCC's High Performer status or its financial stability or will in any other manner jeopardize HACCC;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the Housing Authority of the County of Contra Costa, that, effective July 1, 2019, subject to the approval of HUD and the qualifications listed above, HACCC will accept the transfer of the Richmond Housing Authority's voucher programs as provided in Notice PIH 2018-12.

Notice PIH 2015-22 (HA)

Subject: Process for Public Housing Agency Voluntary Transfers and Consolidations of Housing Choice Vouchers and Project-Based Vouchers

1. Purpose. The purpose of this notice is to clarify the circumstances and describe the process under which HUD may approve a **voluntary transfer** or **consolidation** of budget authority (including restricted net position (RNP), unrestricted net position (UNP) and other capital assets)¹ and corresponding baseline units for the Housing Choice Voucher (HCV) program from the divesting public housing agency's (PHA) Consolidated Annual Contributions Contract (CACC) to the receiving or consolidating PHA's CACC. In a **voluntary transfer** one PHA's identifying number and CACC remains intact. In a **consolidation**, both or all of the PHAs' names, CACCs and identifying numbers will be permanently terminated and replaced by a new PHA with a new name, identifying number and CACC.

2. Applicability. This notice applies to PHAs that administer the HCV program, including project-based vouchers (PBV). This notice does not cover the Public Housing Low-Rent program or the Section 8 Moderate Rehabilitation (Mod Rehab) program. This notice supersedes PIH Notice 2015-22 (HA).

3. Eligibility for HCV Transfers and Consolidations. All transfers and consolidations will be permanent and for the entire balance of one PHA's HCV program to one or more receiving PHAs. The transfer or consolidation must be between PHAs within the same state. The receiving agency must have jurisdictional authority to administer the program in the divesting agency's geographic location. Additionally, the receiving agency must have the administrative capacity to administer the divesting PHA's program and must currently administer the HCV program within a reasonable proximity of the divesting PHA's jurisdiction to prevent the receiving agency from becoming administratively overburdened. Lastly, receiving agencies are responsible for

¹ Restricted net position (RNP) and unrestricted net position (UNP) are the current accounting terms for net restricted assets (NRA) and unrestricted net assets (UNA), respectively, based on GASB #63.

continuing the administration of the divesting PHAs program, which include serving the same population and the vouchers will continue to be utilized for their original intended purpose.

Divesting, receiving, and consolidating PHAs are bound by fair housing requirements, including the responsibility to affirmatively further fair housing and to reduce racial and national origin concentrations. Transfers will be considered only for PHAs with a standard and high Section 8 Management Assessment Program (SEMAP) performance designation and permitted where a receiving PHA has complied with corrective action plans to address financial or program audit findings related to the HCV program. Transfers will only be permitted to a receiving agency that already administers the HCV program.

4. Exceptions to Eligibility for HCV transfers. The Department will consider approving voluntary partial transfers only in the following cases: (1) the transfer is for the purpose of developing PBV units in an area of low poverty concentration, or (2) for a compelling business reason. These exceptions do not apply to consolidations.

5. Application Process for Transfers and Consolidations. At least 90 calendar days before the requested effective date of the voluntary transfer or consolidation, both the divesting and receiving PHAs must submit letters to their respective field offices indicating agreement upon the part of the PHAs to the transfer or consolidation, the name and code of the divesting and receiving or consolidating PHA(s), and the date upon which the PHAs would like the transfer to occur. The divesting PHA's letter must also include their reason for requesting the transfer. The receiving PHA's letter must include their commitment to serving the population within the divesting PHA's jurisdiction and their commitment to continue administering special purpose vouchers for their intended purposes. All transfers must have an effective date of either January 1st or July 1st of a given calendar year (CY). **No transfers or consolidations may be retroactive.** The letters must be signed by the respective Executive Directors with an accompanying board resolution. If the PHA is a unit of local government, the appropriate authorized official must sign the letter.

6. Renewal and Administrative Fee Funding Amounts for Units Transferred or Consolidated and Equity Balances. At the time of the transfer or consolidation, the divesting PHA(s) must transfer the total HAP budget authority on hand and accumulated restricted net position (RNP) balances to HUD. The divesting PHA must contact its Financial Analyst at the FMC to identify the method of payment to HUD. The divesting PHA must transfer its available administrative fees and unrestricted net position (UNP) to the receiving PHA to ensure continuity of assistance to transferred families.

While reviewing the transfer of UNP to the receiving/consolidated PHA, the HUD Field Office will ensure the divesting PHA has properly procured and entered into a contract with an independent public accountant to conduct its close-out audit², and has the funds available to cover it. HUD may assign extraordinary administrative fees (EAF), subject to availability of funds and justifiable circumstances, from the Administrative Fee set-aside funds to cover close-

² For a PHA under the single audit threshold, a close-out audit would consist of an Independent Public Accountant (IPA) validating the ending balances prior to transfer.

out audit costs and may conduct a final close-out or forensic audit of a divesting PHA, either prior to or following the transfer/consolidation. The HUD Field Office must contact the Housing Voucher Financial Management Division at PIH.Financial.Management.Division@hud.gov to confirm availability of extraordinary administrative fees (EAF); however, the divesting PHA's available administrative fee, UNP, and/or other non-federal funds must be considered first and restricted for this purpose. In extenuating circumstances, such as risk of waste or misuse of cash and other assets, the HUD Field Office will require the divesting PHA to transfer its available administrative fees and UNP balances immediately to the receiving/consolidated PHA. In these situations, the HUD Field Office will request the receiving/consolidated PHA to hold funds in escrow to be released to the divesting PHA (or the auditor) upon HUD's acceptance of the divesting PHA's audit.

Administrative fees earned and disbursed to the divesting PHA(s) during the months not yet reconciled by the time of the transfer or consolidation (whether an underpayment owed to the PHA or an overpayment owed HUD), will be provided (or offset) to the receiving or consolidating PHA(s) based on the divesting PHA(s)' rates. For subsequent years the renewal funding and administrative fee calculations will be considered based on the receiving or consolidating PHA's eligibility and leasing reported, respectively, subject to the mandates of the Appropriations Bill for that year.

If the divesting PHA(s) owes money to HUD or the U.S. Treasury (such as RNP used for other purposes, an executed repayment agreement, an audit finding for which a management decision has not yet been rendered or other circumstances), these funds must be repaid to HCV account or U.S. Treasury (as applicable) prior to the transfer, from the PHA's non-federal funds, insurance or UNP. If a divesting PHA is unable to pay monies owed and the receiving/consolidated PHA refuses to assume or is prohibited from assuming the debt of a divesting PHA, where the transfer or consolidation is in the best interest of the HCV program, HUD will follow the guidance in HUD's Debt Collection Handbook 1900 REV-4 (dated April 6, 2015).

Assumption of Liabilities and Liability for Corrective Action. Under some circumstances and as permitted by State and local law, receiving/consolidated PHAs may request to be held harmless for the impacts of performance deficiencies and certain HUD liabilities sustained by divesting PHAs prior to transfer/consolidation while still under their own CACC Receiving and consolidated PHAs generally assume divesting PHAs' liabilities, including but not limited to those arising under pending litigation associated with the 1937 Act, requirements of the Fair Housing Act, Title VI of the Civil Rights Act, or Section 504 of the Rehabilitation Act of 1973, and any tax debts.

The liability for taking corrective action to resolve violations of civil rights, environmental, labor, or other requirements shall not be extinguished by a transfer or consolidation. A divesting PHA may have obligations under a current court or administrative order, voluntary compliance agreement, or other arrangement. As part of the submission requirements, HUD requires either (1) the divesting PHA takes corrective action to the satisfaction of HUD or another entity with authority to enforce a corrective action agreement or order, or (2) the receiving PHA demonstrates to HUD's satisfaction that it has assumed liability for taking the corrective action. Notwithstanding, there may be circumstances in which the PHA may not divest itself of liability

for taking corrective action, even if it has transferred its program to another PHA (e.g., a court order limiting assumption of liabilities).

7. Special Purpose Vouchers. Any special purpose vouchers (HUD-Veterans Affairs Supportive Housing (VASH); Family Unification Program (FUP); Non-Elderly Disabled (NED) and Five-Year Mainstream (MS5)) must be maintained and accounted for as such by the receiving PHA(s) or consolidating PHA. The receiving agency of a program that includes special purpose vouchers is responsible for the continued administration of each of these vouchers for the purpose they were intended without exception. Information about the PHA's FSS funding eligibility after a transfer/consolidation may be found in the applicable FSS NOFA through the following link to the FSS website:

https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/fss).

8. Recommendation to Headquarters. No later than 30 calendar days after the receipt of the documents referenced in section 5 of this notice, the HUD Field Office will complete its review of the transfer or consolidation documents. If the HUD Field Office determines that the request is unacceptable, the Public Housing Director will submit a written notice to the PHA. If the HUD Field office determines that the request is acceptable, the Public Housing Director will prepare a memorandum to the Housing Voucher Financial Management Division Director within that same 30-day period and at least 60 days prior to the requested effective date with the following information:

- (1) name and code of the divesting and receiving or consolidating PHA(s);
- (2) the HUD Field Office's determination that the receiving agency has the capacity to administer the divesting PHA's program and can effectively operate in the divesting PHA's jurisdiction based on the proximity of the involved PHAs' geographic locations;
- (3) the requested effective date of the transfer or consolidation;
- (4) the number of HCVs that will be divested to each receiving PHA or combined into the new consolidated PHA;
- (5) confirmation that the HUD Field Office's legal counsel has provided their jurisdictional approval, agreeing that the receiving PHA has the legal authority to administer the program within their jurisdiction;
- (6) the number of leased vouchers; and
- (7) the number of special purpose vouchers or programs by category (HUD-VASH, FUP, NED, FSS and MS5) that will be divested to each receiving PHA or combined into the new consolidated PHA. If the Public Housing Director does not have information on the number of special purpose vouchers of the divesting PHA(s), he or she may contact the respective Financial Analyst at the Financial Management Center for assistance, or may send an email to the Housing Voucher Financial Management Division, at PIH.Financial.Management.Division@HUD.gov.

The Financial Management Division reserves the right to close-out incomplete transfers in cases where a request is missing critical information and documentation that is necessary to complete

the review. In these cases, an email will be sent to the HUD Field Office point of contact informing them that the review could not be completed within the 30-day window due to the absence of necessary information and that the transfer will have to be resubmitted once all the necessary information has been collected.

Additionally, the HUD Field Office will provide information to the Financial Management Division on factors considered in the decision to recommend approval of the transfer or consolidation, including:

- (1) the receiving or consolidating PHAs' most recent SEMAP performance designation;
- (2) underutilization based on the receiving or consolidating PHAs' SEMAP leasing indicator regardless of performance;
- (3) outstanding debts to HUD and the status of the divesting, receiving or consolidating PHAs' repayment; and
- (4) estimated RNP and UNP balances as of the latest audited Financial Assessment Subsystem (FASS) submission, and restricted cash and investments for all divesting or consolidating PHAs as determined by the HUD Field Office.

A checklist that describes the PHA's documentation that the HUD Field Office must provide to headquarters with their recommendation to process the transfer or consolidation request is included as Attachment 1. Attachment 2 is for the HUD Field Office to input additional information such as performance and other key information required to process the transfer. The HUD Field Office must complete and sign Attachment 2 and submit it with all the documents listed in Attachment 1.

All the required information and documentation for the transfer/consolidation request must be uploaded to the FYE/Consolidations/Transfers SharePoint site, <http://hudsharepoint.hud.gov/sites/reac/FYE/Fiscal%20Year%20End%20Request%20Upload/Fo rms/AllItems.aspx>. For instructions of how to upload documents to the SharePoint Site: Select “**Guidance**” under “**Documents**” on the left side of the webpage then select the “**HCV Transfer Information File**” to find the “**HCV Transfer and Consolidation Requests – Instructions for Upload to SharePoint**”. Once documents are uploaded to the SharePoint, the HUD Field Office contact must send an email to PIHFinancialManagementDivision@hud.gov alerting reviewers that the request has been submitted.

Finally, all transfers and consolidations are considered permanent. PHAs will not be able to decouple from the transferred or consolidated entity to reinstate a former program or PHA.

9. Approval Notification. To the extent possible, the Financial Management Division (FMD) will approve requests for transfers or consolidations within 30 days of receiving all the required information and documentation necessary to determine if the transfer or consolidation is approvable. Once the FMD in Headquarters has approved the transfer or consolidation, the Real Estate Assessment Center (REAC) and the Public Housing Field Office and Financial Management Center (FMC) Directors will be notified through an email including the signed transfer approval memo. The Public Housing Field Office Director will notify the respective PHAs of the approved transfer or consolidation of HCV budget authority and units. The FMC

will prepare and transmit the requisite amendments to the CACC of all affected PHAs including a new CACC in the case of a consolidation. Finally, the REAC will move participants from the divesting PHA to the receiving PHA and will update HUD PIH systems.

10. Owner and Tenant Notification. No later than 30 days after receiving approval notification from HUD the receiving or consolidated PHA must notify owners and participants of the transfer or consolidation. The PHAs may not notify owners and participants of the transfer until they receive the HUD notification of approval.

11. HCV HAP Contracts. New tenant-based HAP contracts must be executed for families currently under HAP contracts signed by the divesting PHA. The receiving or consolidated PHA must execute new HAP contracts with the existing owners no later than at the family's next regular recertification or one year following the effective date of the transfer or consolidation, whichever date comes first. The family's regular recertification date will not change due to the transfer. No other changes to the HAP contracts will be required. Please review to Section 16 for information on new PBV HAP contracts.

12. Receiving or Consolidated PHA Management Responsibilities. At the time of the family's next regular reexamination, the receiving or consolidated PHA may apply its occupancy and subsidy standards and any other applicable administrative policies. However, if the payment standards of the receiving or consolidated PHA are lower than those of the divesting PHA(s), the receiving or consolidated PHA must follow its administrative policies and the requirements under 24 CFR § 982.505(c) regarding payment standard decreases. In addition, the receiving or consolidating PHA must comply with all reasonable accommodation waivers and exceptions. If there are issues with the reasonable accommodation waivers or exceptions, they should be addressed with the field office.

13. Public Housing Information Center (PIC) Data. The REAC will complete the transfer or consolidation of all Family Reports (form HUD-50058) in PIC, so that all affected families will be recorded under the receiving PHA's code or consolidated PHA's new code with the last action code (field 2a on the Family Report) that was entered by the divesting PHA.

14. Voucher Management System (VMS) Data Entry. Starting with the effective date of the transfer or consolidation, the receiving or consolidated PHA will begin including the transferred or consolidated units for the applicable month in its next VMS submission. Conversely, the divesting PHA(s) will stop including any divested units starting with the effective month of the transfer.

15. HUD Self-Reported Systems. PHAs that are transferring, or consolidating will be responsible for submitting their individual financial statements through FASS and other financial or program data to self-reported HUD systems, such as VMS and PIC, for periods prior to the effective date of the transfer or consolidation.

16. PBV Units. All provisions in sections 1 through 15 will apply. However, PBV HAP contracts must be executed as soon as possible between the receiving or consolidated PHA and the owner with the expiration date and all terms and conditions unchanged.

17. Information Contact. Inquiries about this notice should be directed to your field office Public Housing Director or Financial Management Center representative.

18. Paperwork Reduction Act. The information collection requirements contained in this document have been submitted to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1955 (44 U.S.C. 3501-3520) and assigned OMB control number 2577-0169. In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number.

AGENDA REPORT

HOUSING AUTHORITY

DATE: February 5, 2019

TO: Chair Butt and Members of the Board of Commissioners

FROM: Gabino Arredondo, Acting Executive Director of the Richmond Housing Authority
LaShonda White, Administrative Chief, City Manager's Office

SUBJECT: VOLUNTARY TRANSFER OF RICHMOND HOUSING AUTHORITY'S HOUSING CHOICE VOUCHER SECTION 8 PROGRAM TO THE HOUSING AUTHORITY OF CONTRA COSTA COUNTY

STATEMENT OF THE ISSUE:

Pursuant to the Public Housing Authority Recovery and Sustainability (PHARS) agreement entered into between U.S. Department of Housing and Urban Development (HUD), the Richmond Housing Authority (RHA), and the City of Richmond (City), between October 2018 and December 2018, the Richmond Housing Authority Board of Commissioners (Board) received a series of presentations designed to provide information on important operational and policy matters affecting the Richmond Housing Authority (RHA). On December 4, 2018, the Board provided direction to staff to transition RHA's Section 8 program to a well-managed housing authority and to reposition RHA's public housing assets. After conducting research, and with input from HUD, staff is bringing forth a resolution seeking authorization to transfer RHA's Section 8 program to the Housing Authority of Contra Costa County.

RECOMMENDED ACTION

ADOPT a resolution authorizing the transfer of Richmond Housing Authority's Housing Choice Voucher Section 8 Program to the Housing Authority of Contra Costa County - Richmond Housing Authority (Gabino Arredondo 621-1309).

FINANCIAL IMPACT:

There is no financial impact to receiving this report. Additional contracts will be brought to the Richmond Housing Authority (RHA) Board at a later date to implement the transfer of RHA's Section 8 program to the Housing Authority of Contra Costa County.

BACKGROUND:

The City of Richmond Housing Authority (RHA) administers the Housing Choice Voucher Section 8 Program (Section 8) in Richmond, CA. The RHA has experienced major operational and financial issues and rising concerns from the Richmond Housing Authority Board of Commissioners (Board), the U.S. Department of Housing and Urban Development (HUD), the City of Richmond (City), and RHA participants. Beginning in October 2018, the Board received a series of presentations from staff and consultants reporting the status of RHA public housing and Section 8 programs.

A considerable amount of City resources have been allocated to assist RHA in meeting obligations to program participants and HUD; however, the additional resource allocations cannot be sustained without significantly impacting other City operations. With underlying goals of ensuring no reduction in rental housing options for Richmond residents, and maximizing the benefit/utilization of the federal funds, on December 4, 2018, a decision was made by the Board to move forward with Option 1 (below).

Option 1 – (1) Transfer Section 8 operations to a well-managed housing authority, (2) Reposition RHA assets and public housing properties; and (3) Dissolve the City of Richmond Housing Authority.

Following the Board's decision, staff worked simultaneously on the actions needed to transfer RHA's Section 8 program and reposition its assets. Staff contacted the Housing Authority of Contra Costa County (HACCC), which administers a Section 8 program in Contra Costa County, to accept RHA's Section 8 program. Staff believes HACCC has the necessary expertise and ability to successfully operate RHA's Section 8 program and could provide broader housing opportunities for Richmond's Section 8 participants.

HUD issued Notice PIH 2018-12 which outlines the process for authorizing one PHA to voluntarily transfer the total budget authority and corresponding baseline units for its Section 8 program to another PHA. The transfer is subject to approval by HUD. Per Notice PIH 2018-12, all transfers must have an effective date of either January 1st or July 1st of a given calendar year. Staff is currently working in collaboration with HUD and the HACCC to prepare RHA's Section 8 program for transfer by July 1, 2019. In order to facilitate the transfer, RHA (divesting public housing authority) and CCCHA (receiving public housing authority), must both submit letters to their respective field offices indicating agreement upon the part of the PHAs to:

- Transfer or consolidation,
- Name and code of the divesting and receiving or consolidating PHA(s), and
- Date upon which the PHAs would like the transfer to occur.

#H-2.

Staff is requesting Board approval of the attached letter of intent and resolution which authorizes the transfer of the Section 8 program to HACCC (Attachments 1 and 2, respectively). It is anticipated that HACCC will submit a similar resolution to the Contra Costa County Board of Supervisors for consideration and approval in the near term (at least 90 calendar days before the requested effective date of the voluntary transfer).

Once both respective Boards approve the transfer, the RHA and HACCC will have to negotiate and enter into a Memorandum of Understanding providing for the administration of the Section 8 program. Staff will keep the Board updated on the progress of transferring the Section 8 program.

RE: Voluntary Transfer of Section 8 Housing Voucher Allocation from the Richmond Housing Authority to the Housing Authority of Contra Costa County

Dear Mr. Windt:

The Richmond Housing Authority (CA010) (RHA) wishes and agrees to voluntarily transfer the Section 8 Housing Voucher Program to the Housing Authority of Contra Costa County (CA011) (HACCC) consisting of 2,004 vouchers.

Enclosed for your reference is RHA Board Resolution # _____ approved on February 5, 2019, authorizing the transfer of the Section 8 Voucher Program to the HACCC. As stated in the resolution, we believe that HACCC has the expertise and ability to successfully operate the Section 8 Voucher Program, which will provide improved service delivery to both tenants and landlords utilizing the Section 8 Voucher Program.

At this juncture, we are working with HACCC to enable the transfer to take place effective July 1, 2019. Thank you for your assistance in this matter. Please do not hesitate to contact me should you require any additional information or have any questions.

Sincerely,

Richmond Housing Authority Executive Director
