1. Housing Choice Voucher Program

- A. The public housing agency (PHA) has determined that the above named family (item 5) is eligible to participate in the housing choice voucher program. Under this program, the family chooses a decent, safe and sanitary unit to live in. If the owner agrees to lease the unit to the family under the housing choice voucher program, and if the PHA approves the unit, the PHA will enter into a housing assistance payments (HAP) contract with the owner to make monthly payments to the owner to help the family pay the rent.
- B. The PHA determines the amount of the monthly housing assistance payment to be paid to the owner. Generally, the monthly housing assistance payment by the PHA is the difference between the applicable payment standard and 30 percent of monthly adjusted family income. In determine the maximum initial housing assistance payment for the family, the PHA will use the payment standard in effect on the date the tenancy is approved by the PHA. The family may choose to rent a unit for more than the payment standard, but this choice does not change the amount of the PHA's assistance payment. The actual amount of the PHA's assistance payment will be determined using the gross rent for the unit selected by the family.

2. Voucher

- A. When issuing this voucher the PHA expects that if the family finds an approval unit, the PHA will have the money available to enter into a HAP contract with the owner. However, the PHA is under no obligation to the family, to any owner, or to any other person, to approve a tenancy. The PHA does not have any liability to any party by the issuance of this voucher.
- B. The voucher does not give the family any right to participate in the PHA's housing choice voucher program. The family becomes participant in the PHA's housing choice voucher program when the HAP contract between the PHA and the owner takes effect.
- C. During the initial or any extended term of this voucher, the PHA may require the family to report progress in leasing a unit at such intervals and times as determined by the PHA.

3. PHA Approval or Disapproval of Unit or Lease

- A. When the family finds a suitable unit where the owner is willing to participate in the program, the family must give the PHA the request for tenancy approval (of the form supplied by the PHA), signed by the owner and the family, and a copy of the lease, including the HUD-prescribed tenancy addendum. **Note: Both documents must be given to the PHA no later than the expiration date stated in item 3 or 4 on top of page one of this voucher.**
- B. The family must submit these documents in the manner that is required by the PHA. PHA policy may prohibit the family from submitting more than one request for tenancy approval at a time.
- C. The lease must include, word-for-word, all provisions of the tenancy addendum required by HUD and supplied by the PHA. This is done by adding the HUD tenancy addendum to the lease used by the owner. If there is a difference between any provisions of the HUD tenancy addendum and any provisions of the owner's lease, the provision of the HUD tenancy addendum shall control.
- D. After receiving the request for tenancy approval and a copy of the lease, the PHA will inspect the unit. The PHA may not give approval for the family to lease the unit or execute the HAP contract until the PHA has determined that all the following program requirements are met: the unit is eligible; the unit has been inspected by the PHA and passes the housing quality standards (HQS); the rent is reasonable; and the landlord and tenant have executed the lease including the HUD-prescribed tenancy addendum.
- E. If the PHA approves the unit, the PHA will notify the family and the owner, and will furnish two copies of the HAP contract to the owner.
 - 1. The owner and the family must execute the lease.
 - 2. The owner must sign both copies of the HAP contract and must furnish to the PHA a copy of the executed lease and both copies of the executed HAP contract.
 - 3. The PHA will execute the HAP contract and return an executed copy to the owner.
- F. If the PHA determined that the unit or lease cannot be approved for any reason, the PHA will notify the owner and the family that:
 - 1. The proposed unit or lease is disapproved for specified reasons, and
 - 2. If the conditions requiring disapproval are remedied to the satisfaction of the PHA on or before the date specified by the PHA, the unit or lease will be approved.

4. Obligations of the Family

- A. When the family's unit is approved and the HAP contract is executed, the family must follow the rules listed below in order to continue participating in the housing choice voucher program.
- B. The family must:
 - 1. Supply any information that the PHA or HUD determined to be necessary including evidence of citizenship or eligible immigration status, and information for use in a regularly schedule reexamination or interim reexamination of family income and composition.

- 2. Disclose and verify social security numbers and sign and submit consent forms for obtaining information.

 - 8. Receive housing choice voucher program housing assistance while residing in a unit owned by a parent, child, grandparent, grandchild, sister, or brother of any member of the family, unless the PHA has determined (and has notified the owner and the family of such determination) that approving rental of the unit, notwithstanding such relationship, would provide reasonable accommodation for a family member who is a person with disabilities.
 - 9. Engage in abuse of alcohol in a way that threatens the health, safety or right to peaceful enjoyment of the other residents and persons residing in the immediate vicinity of the premises.

5. Illegal Discrimination

If the family has reason to believe that, in its search for suitable housing, it has been discriminated against on the basis of age, race, color, religion, sex (including sexual orientation and gender identity), disability, national origin, or familial status, the family may file a housing discrimination complaint with any HUD Field Office in person, by mail, or by telephone. The PHA will give the family information on how to fill out and file a complaint.

6. Expiration and Extension of Voucher

The voucher will expire on the date stated in item 3 on the top of page one of the voucher unless the family requests an extension in writing and the PHA grants a written extension of the voucher in which case the voucher will expire on the date stated in item 4. At its discretion, the PHA may grant a family's request for one or more extensions of the initial term.

If the family needs and requests an extension of the initial voucher term as a reasonable accommodation, in accordance with part 8 of this title, to make the program accessible to a family member who is a person with disabilities, the PHA must extend the voucher term up to the term reasonably required for that purpose.

- (b) Violating a condition of probation or parole under Federal or State law.
- (3) The owner may terminate the tenancy for criminal activity by a household member in accordance with this section if the owner determines that the household member has committed the criminal activity, regardless of whether the household member has been arrested or convicted for such activity.
- (4) The owner may terminate the tenancy during the term of the lease if any member of the household has engaged in abuse of alcohol that threatens the health, safety or right to peaceful enjoyment of the premises by other residents.

d. Other good cause for termination of tenancy

- (1) During the initial lease term, other good cause for termination of tenancy must be something the family did or failed to do.
- (2) During the initial lease term or during any extension term, other good cause may include:
 - (a) Disturbance of neighbors,
 - (b) Destruction of property, or
 - (c) Living or housekeeping habits that cause damage to the unit or premises.
- (3) After the initial lease term, such good cause may include:
 - (a) The tenant's failure to accept the owner's offer of a new lease or revision;
 - (b) The owner's desire to use the unit for personal or family use or for a purpose other than use as a residential rental unit; or
 - (c) A business or economic reason for termination of the tenancy (such as sale of the property, renovation of the unit, the owner's desire to rent the unit for a higher rent).
- (4) The examples of other good cause in this paragraph do not preempt any State or local laws to the contrary.
- (5) In the case of an owner who is an immediate successor in interest pursuant to foreclosure during the term of the lease, requiring the tenant to vacate the property prior to sale shall not constitute other good cause, except that the owner may terminate the tenancy effective on the date of transfer of the unit to the owner if the owner:
 - (a) Will occupy the unit as a primary residence; and
 - (b) Has provided the tenant a notice to vacate at least 90 days before the effective date of such notice. This provision shall not affect any State or local law that provides for longer time periods or additional protections for tenants.

9. Protections for Victims of Domestic Violence, Dating Violence, Sexual Assault, or Stalking

- a. **Purpose:** This section incorporates the protections for victims of domestic violence, dating violence, sexual assault, or stalking in accordance with subtitle N of the Violence Against Women Act of 1994, as amended (codified as amended at 42 U.S.C. 14043e et seq.) (VAWA) and implementing regulations at 24 CFR part 5, subpart L.
- b. **Conflict with other Provisions:** In the event of any conflict between this provision and any other provisions included in Part C of the HAP contract, this provision shall prevail.
- c. **Effect on Other Protections:** Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, sexual assault, or stalking.
- d. **Definition:** As used in this Section, the terms “actual and imminent threat,” “affiliated individual”, “bifurcate”, “dating violence,” “domestic violence,” “sexual assault,” and “stalking” are defined in HUD’s regulations at 24 CFR part 5, subpart L. The terms “Household” and “Other Person Under the Tenant’s Control” are defined at 24 CFR part 5, subpart A.
- e. **VAWA Notice and Certification Form:** The PHA shall provide the tenant with the “Notice of Occupancy Rights under VAWA and the certification form described under 24 CFR 5.2005(a)(1) and (2).
- f. **Protection for victims of Domestic Violence, Dating Violence, Sexual Assault, or Stalking:**
 - (1) The landlord or the PHA will not deny admission to, deny assistance under, terminate from participation in, or evict the Tenant on the basis of or as a direct result of the fact that the Tenant is or has been a victim of domestic violence, dating violence, sexual assault, or stalking, if the Tenant otherwise qualifies for admission, assistance, participation, or occupancy. 24 CFR 5.2005(b)(1).
 - (2) The tenant shall not be denied tenancy or occupancy rights solely on the basis of criminal activity engaged in by a member of the Tenant’s Household or any guest or Other Person Under the Tenant’s Control, if the criminal activity is directly related to domestic violence, dating violence, sexual assault, or stalking, and the Tenant or an Affiliated Individual of the Tenant is the victim or the threatened victim of domestic violence, dating violence, sexual assault, or stalking. 24 CFR 5.2005(b)(2).
 - (3) An incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking will not be construed as serious or repeated violations of the lease by the victim or threatened victim of the incident. Nor shall it not be construed as other “good cause” for termination of the lease, tenancy, or occupancy rights of such a victim or threatened victim. 24 CFR 5.2005(c)(1) and (c)(2).
- g. **Compliance with Court Orders:** Nothing in this Addendum will limit the authority of the landlord, when notified by a court order, to comply with the court order with respect to the rights of access or control of property

(including civil protection orders issued to protect a victim of domestic violence, dating violence, sexual assault, or stalking) or with respect to the distribution or possession of property among members of the Tenant’s Household. 24 CFR 5.2005(d)(1).

- h. **Violations Not Premised on Domestic Violence, Dating Violence, Sexual Assault, or Stalking:** Nothing in this section shall be construed to limit any otherwise available authority of the Landlord to evict or the public housing authority to terminate the assistance of a Tenant for any violation not premised on an act of domestic violence, dating violence, sexual assault, or stalking that is in question against the Tenant or an Affiliated Individual of the Tenant. However, the Landlord or the PHA will not subject the tenant, who is or has been a victim of domestic violence, dating violence, sexual assault, or stalking, to a more demanding standard than other tenants in determining whether to evict or terminate assistance. 24 CFR 5.2005(d)(2).

i. Actual and Imminent Threats:

- (1) Nothing in this section will be construed to limit the authority of the Landlord to evict the Tenant if the Landlord can demonstrate that an “actual and imminent threat” to other tenants or those employed at or providing service to the property would be present if the Tenant or lawful occupant is not evicted. In this context, words, gestures, actions, or other indicators will be construed as an actual and imminent threat if they meet the following standards for an actual and imminent threat: “Actual and imminent threat” refers to a physical danger that is real, would occur within an immediate time frame, and could result in death or serious bodily harm. In determining whether an individual would pose an actual and imminent threat, the factors to be considered include: the duration of the risk, the nature and severity of the potential harm, the likelihood that the potential harm will occur, and the length of time before the potential harm would occur. 24 CFR 5.2005(d)(3).
- (2) If an actual and imminent threat is demonstrated, eviction should be used only when there are no other actions that could be taken to reduce or eliminate the threat, including, but not limited to, transferring the victim to a different unit, barring the perpetrator from the property, contacting law enforcement to increase police presence, developing other plans to keep the property safe, or seeking other legal remedies to prevent the perpetrator from acting on a threat. Restrictions predicated on public safety cannot be based on stereotypes, but must be tailored to particularized concerns about individual residents. 24 CFR 5.2005(d)(4).

- j. **Emergency Transfer:** A tenant who is a victim of domestic violence, dating violence, sexual assault, or stalking may request an emergency transfer in accordance with the PHA’s emergency transfer plan. 24 CFR 5.2005(e). The PHA’s emergency transfer plan must be made available upon request, and incorporate strict confidentiality measures to ensure that the PHA does not disclose a tenant’s dwelling unit location to a person who committed or threatened to commit an act of domestic violence, dating violence, sexual assault, or stalking against the tenant;

For transfers in which the tenant would not be considered a new applicant, the PHA must ensure that a request for an

emergency transfer receives, at a minimum, any applicable additional priority that is already provided to other types of emergency transfer requests. For transfers in which the tenant would be considered a new applicant, the plan must include policies for assisting a tenant with this transfer.

- k. **Bifurcation:** Subject to any lease termination requirements or procedures prescribed by Federal, State, or local law, if any member of the Tenant's Household engages in criminal activity directly relating to domestic violence, dating violence, sexual assault, or stalking, the Landlord may "bifurcate" the Lease, or remove that Household member from the Lease, without regard to whether that Household member is a signatory to the Lease, in order to evict, remove, or terminate the occupancy rights of that Household member without evicting, removing, or otherwise penalizing the victim of the criminal activity who is also a tenant or lawful occupant. Such eviction, removal, termination of occupancy rights, or termination of assistance shall be effected in accordance with the procedures prescribed by Federal, State, and local law for the termination of leases or assistance under the housing choice voucher program. 24 CFR 5.2009(a).

If the Landlord bifurcates the Lease to evict, remove, or terminate assistance to a household member, and that household member is the sole tenant eligible to receive assistance, the landlord shall provide any remaining tenants or residents a period of 30 calendar days from the date of bifurcation of the lease to:

- (1) Establish eligibility for the same covered housing program under which the evicted or terminated tenant was the recipient of assistance at the time of bifurcation of the lease;
 - (2) Establish eligibility under another covered housing program; or
 - (3) Find alternative housing.
- l. **Family Break-up:** If the family break-up results from an occurrence of domestic violence, dating violence, sexual assault, or stalking, the PHA must ensure that the victim retains assistance. 24 CFR 982.315.
- m. **Move with Continued Assistance:** The public housing agency may not terminate assistance to a family or member of the family that moves out of a unit in violation of the lease, with or without prior notification to the public housing agency if such a move occurred to protect the health or safety of a family member who is or has been a victim of domestic violence, dating violence, sexual assault, or stalking; and who reasonably believed they were imminently threatened by harm from further violence if they remained in the dwelling unit, or if any family member has been the victim of sexual assault that occurred on the premises during the 90-calendar-day period preceding the family's request to move.

- (1) The move is needed to protect the health or safety of the family or family member who is or has been a victim of domestic violence, dating violence, sexual assault or stalking; and
- (2) The family or member of the family reasonably believes that he or she was threatened with imminent harm from further violence if he or she remained in the dwelling unit. However, any family member that has been the victim of a sexual assault that occurred on the premises during the 90-calendar day period preceding the family's move or request to move is not required to believe that he or she was threatened with imminent harm from

further violence if he or she remained in the dwelling unit. 24 CFR 982.354.

n. **Confidentiality.**

- (1) The Landlord shall maintain in strict confidence any information the Tenant (or someone acting on behalf of the Tenant) submits to the Landlord concerning incidents of domestic violence, dating violence, sexual assault or stalking, including the fact that the tenant is a victim of domestic violence, dating violence, sexual assault, or stalking.
- (2) The Landlord shall not allow any individual administering assistance on its behalf, or any persons within its employ, to have access to confidential information unless explicitly authorized by the Landlord for reasons that specifically call for these individuals to have access to the information pursuant to applicable Federal, State, or local law.
- (3) The Landlord shall not enter confidential information into any shared database or disclose such information to any other entity or individual, except to the extent that the disclosure is requested or consented to in writing by the individual in a time-limited release; required for use in an eviction proceeding; or is required by applicable law.

10. Eviction by court action

The owner may only evict the tenant by a court action.

11. Owner notice of grounds

- a. At or before the beginning of a court action to evict the tenant, the owner must give the tenant a notice that specifies the grounds for termination of tenancy. The notice may be included in or combined with any owner eviction notice.
- b. The owner must give the PHA a copy of any owner eviction notice at the same time the owner notifies the tenant.
- c. Eviction notice means a notice to vacate, or a complaint or other initial pleading used to begin an eviction action under State or local law.

12. Lease: Relation to HAP Contract

If the HAP contract terminates for any reason, the lease terminates automatically.

13. PHA Termination of Assistance

The PHA may terminate program assistance for the family for any grounds authorized in accordance with HUD requirements. If the PHA terminates program assistance for the family, the lease terminates automatically.

14. Family Move Out

The tenant must notify the PHA and the owner before the family moves out of the unit.

15. Security Deposit

- a. The owner may collect a security deposit from the tenant. (However, the PHA may prohibit the owner from collecting a security deposit in excess of private market practice, or in excess of amounts charged by the owner to unassisted tenants. Any such PHA-required restriction must be specified in the HAP contract.)
- b. When the family moves out of the contract unit, the owner, subject to State and local law, may use the

security deposit, including any interest on the deposit, as reimbursement for any unpaid rent payable by the tenant, any damages to the unit or any other amounts that the tenant owes under the lease.

- c. The owner must give the tenant a list of all items charged against the security deposit, and the amount of each item. After deducting the amount, if any, used to reimburse the owner, the owner must promptly refund the full amount of the unused balance to the tenant.
- d. If the security deposit is not sufficient to cover amounts the tenant owes under the lease, the owner may collect the balance from the tenant.

16. Prohibition of Discrimination

In accordance with applicable nondiscrimination and equal opportunity laws, statutes, Executive Orders, and regulations, the owner must not discriminate against any person because of race, color, religion, sex (including sexual orientation and gender identity), national origin, age, familial status or disability in connection with the lease. Eligibility for HUD's programs must be made without regard to actual or perceived sexual orientation, gender identity, or marital status.

17. Conflict with Other Provisions of Lease

- a. The terms of the tenancy addendum are prescribed by HUD in accordance with Federal law and regulation, as a condition for Federal assistance to the tenant and tenant's family under the Section 8 voucher program.
- b. In case of any conflict between the provisions of the tenancy addendum as required by HUD, and any other provisions of the lease or any other agreement between the owner and the tenant, the requirements of the HUD-required tenancy addendum shall control.

18. Changes in Lease or Rent

- a. The tenant and the owner may not make any change in the tenancy addendum. However, if the tenant and the owner agree to any other changes in the lease, such changes must be in writing, and the owner must immediately give the PHA a copy of such changes. The lease, including any changes, must be in accordance with the requirements of the tenancy addendum.
- b. In the following cases, tenant-based assistance shall not be continued unless the PHA has approved a new tenancy in accordance with program requirements and has executed a new HAP contract with the owner:
 - (1) If there are any changes in lease requirements governing tenant or owner responsibilities for utilities or appliances;
 - (2) If there are any changes in lease provisions governing the term of the lease;
 - (3) If the family moves to a new unit, even if the unit is in the same building or complex.
- c. PHA approval of the tenancy, and execution of a new HAP contract, are not required for agreed changes in the lease other than as specified in paragraph b.
- d. The owner must notify the PHA of any changes in the amount of the rent to owner at least sixty days

before any such changes go into effect, and the amount of the rent to owner following any such agreed change may not exceed the reasonable rent for the unit as most recently determined or redetermined by the PHA in accordance with HUD requirements.

19. Notices

Any notice under the lease by the tenant to the owner or by the owner to the tenant must be in writing.

20. Definitions

Contract unit. The housing unit rented by the tenant with assistance under the program.

Determination of Payment Standards and Unit Size (Subsidy Standards)

The Payment Standard

- Is established by the Housing Authority.
- The payment standard is based on a percentage of the Fair Market Rent established by the U.S. Department of Housing and Urban Development (HUD).
- Is based on the cost of housing and utilities for your area.
- Depends on the family composition and the bedroom size of the unit. For example, the payment standard is higher for families requiring 3-bedroom units than for families requiring 1-bedroom units.

Families may select smaller units than listed on the Voucher if the unit selected has at least one sleeping or living/sleeping room for each two persons in the household. The smaller payment standard will be used for the unit size. The Housing Authority may grant exceptions to the standards if circumstances presented by the family warrant an exception.

Protect Your Family From Lead in Your Home

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- About health effects of lead
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right*, to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

Lead Gets into the Body in Many Ways

If you think your home has lead-based paint:

- Don't try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at epa.gov/lead.
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children avoid fatty (or high fat) foods and eat nutritious meals high in iron and calcium.
- Remove shoes or wipe soil off shoes before entering your house.

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

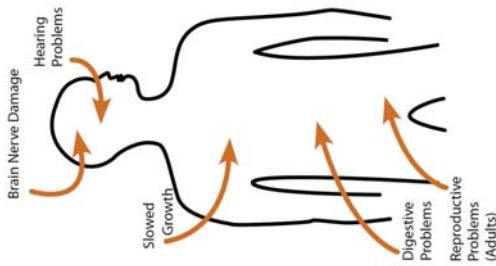

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage

While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including seizures, unconsciousness, and, in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.¹

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.²

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at epa.gov/lead.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorating lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. Lead-based paint may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead as hazardous:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

¹ "Lead-based paint" is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm), or more than 0.5% by weight.

² "Lead-containing paint" is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:

- Portable x-ray fluorescence (XRF) machine
 - Lab tests of paint samples

- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:

- Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
- Sample dust near painted surfaces and sample bare soil in the yard
- Get lab tests of paint, dust, and soil samples

- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.³

³ Hearing- or speech-challenged individuals may access this number through TTY by calling the Federal Relay Service at 1-800-877-8399.

What You Can Do Now to Protect Your Family

If you suspect that your house has lead-based paint hazards, you can take some immediate steps to reduce your family's risk:

- If you rent, notify your landlord of peeling or chipping paint.
- Keep painted surfaces clean and free of dust. Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner. (Remember: never mix ammonia and bleach products together because they can form a dangerous gas.)
- Carefully clean up paint chips immediately without creating dust.
- Thoroughly rinse sponges and mop heads often during cleaning of dirty or dusty areas, and again afterward.
- Wash your hands and your children's hands often, especially before they eat and before nap time and bed time.
- Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- Keep children from chewing window sills or other painted surfaces, or eating soil.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe Certified renovation firms (see page 12).
- Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- Make sure children avoid fatty (or high fat) foods and eat nutritious meals high in iron and calcium. Children with good diets absorb less lead.

Reducing Lead Hazards

Disturbing lead-based paint or removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

- In addition to day-to-day cleaning and good nutrition, you can **temporarily** reduce lead-based paint hazards by taking actions, such as repairing damaged painted surfaces and planting grass to cover lead-contaminated soil. These actions are not permanent solutions and will need ongoing attention.
- You can minimize exposure to lead when renovating, repairing, or painting by hiring an EPA- or state-certified renovator who is trained in the use of lead-safe work practices. If you are a do-it-yourselfer, learn how to use lead-safe work practices in your home.
- To remove lead hazards permanently, you should hire a certified lead abatement contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent control.

Always use a certified contractor who is trained to address lead hazards safely.

- Hire a Lead-Safe Certified firm (see page 12) to perform renovation, repair, or painting (RRP) projects that disturb painted surfaces.
- To correct lead hazards permanently, hire a certified lead abatement professional. This will ensure your contractor knows how to work safely and has the proper equipment to clean up thoroughly.

Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Reducing Lead Hazards, continued

If your home has had lead abatement work done or if the housing is receiving federal assistance, once the work is completed, dust cleanup activities must be conducted until clearance testing indicates that lead dust levels are below the following levels:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ for interior windowsills
- 400 $\mu\text{g}/\text{ft}^2$ for window troughs

For help in locating certified lead abatement professionals in your area, call your state or local agency (see pages 14 and 15), or visit epa.gov/lead, or call 1-800-424-LEAD.

Renovating, Remodeling, or Repairing (RRP) a Home with Lead-Based Paint

If you hire a contractor to conduct renovation, repair, or painting (RRP) projects in your pre-1978 home or childcare facility (such as pre-school and kindergarten), your contractor must:

- Be a Lead-Safe Certified firm approved by EPA or an EPA-authorized state program
- Use qualified trained individuals (Lead-Safe Certified renovators) who follow specific lead-safe work practices to prevent lead contamination
- Provide a copy of EPA's lead hazard information document, *The Lead-Safe Certified Guide to Renovate Right*

RRP contractors working in pre-1978 homes and childcare facilities must follow lead-safe work practices that:

- **Contain the work area.** The area must be contained so that dust and debris do not escape from the work area. Warning signs must be put up, and plastic or other impermeable material and tape must be used.
- **Avoid renovation methods that generate large amounts of lead-contaminated dust.** Some methods generate so much lead-contaminated dust that their use is prohibited. They are:
 - Open-flame burning or torching
 - Sanding, grinding, planing, needle gunning, or blasting with power tools and equipment not equipped with a shroud and HEPA vacuum attachment and
 - Using a heat gun at temperatures greater than 1100°F
- **Clean up thoroughly.** The work area should be cleaned up daily. When all the work is done, the area must be cleaned up using special cleaning methods.
- **Dispose of waste properly.** Collect and seal waste in a heavy duty bag or sheeting. When transported, ensure that waste is contained to prevent release of dust and debris.

To learn more about EPA's requirements for RRP projects visit epa.gov/getleadsafe, or read *The Lead-Safe Certified Guide to Renovate Right*.

Other Sources of Lead

While paint, dust, and soil are the most common sources of lead, other lead sources also exist:

- **Drinking water.** Your home might have plumbing with lead or lead solder. You cannot see, smell, or taste lead, and boiling your water will not get rid of lead. If you think your plumbing might contain lead:
 - Use only cold water for drinking and cooking.
 - Run water for 15 to 30 seconds before drinking it, especially if you have not used your water for a few hours.

Call your local health department or water supplier to find out about testing your water, or visit epa.gov/lead for EPA's lead in drinking water information.

- **Lead smelters** or other industries that release lead into the air.
- **Your job.** If you work with lead, you could bring it home on your body or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture. Call your local health department for information about hobbies that may use lead.
- Old **toys** and **furniture** may have been painted with lead-containing paint. Older toys and other children's products may have parts that contain lead.⁴
- Food and liquids cooked or stored in **lead crystal** or **lead-glazed pottery** or **porcelain** may contain lead.
- Folk remedies, such as "**greta**" and "**azarcon**," used to treat an upset stomach.

Most agencies can also provide information on finding a lead abatement firm in your area, and on possible sources of financial aid for reducing lead hazards. Receive up-to-date address and phone information for your state or local contacts on the Web at epa.gov/lead, or contact the National Lead Information Center at **1-800-424-LEAD**.

⁴ In 1978, the federal government banned toys, other children's products, and furniture with lead-containing paint (16 CFR 1303). In 2008, the federal government banned lead in most children's products. The federal government currently bans lead in excess of 100 ppm by weight in most children's products (76 FR 44463).

IMPORTANT!

Lead From Paint, Dust, and Soil in and Around Your Home Can Be Dangerous if Not Managed Properly

- Children under 6 years old are most at risk for lead poisoning in your home.
- Lead exposure can harm young children and babies even before they are born.
- Homes, schools, and child care facilities built before 1978 are likely to contain lead-based paint.
- Even children who seem healthy may have dangerous levels of lead in their bodies.
- Disturbing surfaces with lead-based paint or removing lead-based paint improperly can increase the danger to your family.
- People can get lead into their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.
- People have many options for reducing lead hazards. Generally, lead-based paint that is in good condition is not a hazard (see page 10).

NOTICE TO HOUSING CHOICE VOUCHER APPLICANTS AND TENANTS REGARDING THE VIOLENCE AGAINST WOMEN ACT (VAWA)

A federal law that went into effect in 2006 protects individuals who are victims of domestic violence, dating violence, sexual assault and stalking. The name of the law is the Violence against Women Act, or “VAWA.” This notice explains your rights under VAWA.

Protections for Victims

If you are eligible for a Section 8 voucher, the housing authority cannot deny you rental assistance solely because you are a victim of domestic violence, dating violence, sexual assault or stalking.

If you are the victim of domestic violence, dating violence, sexual assault or stalking, you cannot be terminated from the Section 8 program or evicted based on acts or threats of violence committed against you. Also, criminal acts directly related to the domestic violence, dating violence, sexual assault or stalking that are caused by a member of your household or a guest can't be the reason for evicting you or terminating your rental assistance if you were the victim of the abuse.

Reasons You Can Be Evicted

You can be evicted and your rental assistance can be terminated if the housing authority or your landlord can show there is an *actual* and *imminent* (immediate) threat to other tenants or employees at the property if you remain in your housing. Also, you can be evicted and your rental assistance can be terminated for serious or repeated lease violations that are not related to the domestic violence, dating violence, sexual assault or stalking committed against you. The housing authority and your landlord cannot hold you to a more demanding set of rules than it applies to tenants who are not victims.

Removing the Abuser from the Household

Your landlord may split the lease to evict a tenant who has committed criminal acts of violence against family members or others, while allowing the victim and other household members to stay in the assisted unit. Also, the housing authority can terminate the abuser's Section 8 rental assistance while allowing you to continue to receive assistance. If the landlord or housing authority chooses to remove the abuser, it may not take away the remaining tenants' rights to the unit or otherwise punish the remaining tenants. In removing the abuser from the household, your landlord must follow federal, state, and local eviction procedures.

Moving to Protect Your Safety

The housing authority may permit you to move and still keep your rental assistance, even if your current lease has not yet expired. The housing authority may require that you be current on your rent or other obligations in the housing choice voucher program. The housing authority may ask you to provide proof that you are moving because of incidences of abuse.

Proving That You Are a Victim of Domestic Violence, Dating Violence, Sexual Assault or Stalking

The housing authority and your landlord can ask you to prove or “certify” that you are a victim of domestic violence, dating violence, sexual assault or stalking. The housing authority or your landlord must give you at least 14 business days (i.e. Saturdays, Sundays, and holidays do not count) to provide this proof. The housing authority and your landlord are free to extend the deadline. There are three ways you can prove that you are a victim:

- Complete the certification form given to you by the housing authority or your landlord. The form will ask for your name, the name of your abuser, the abuser's relationship to you, the date, time, and location of the incident of violence, and a description of the violence.
- Provide a statement from a victim service provider, attorney, or medical professional who has helped you address incidents of domestic violence, dating violence, sexual assault or stalking. The professional must state that he or she believes that the incidents of abuse are real. Both you and the professional must sign the statement, and both of you must state that you are signing "under penalty of perjury."
- Provide a police or court record, such as a protective order.

If you fail to provide one of these documents within the required time, the landlord may evict you, and the housing authority may terminate your rental assistance.

Confidentiality

The housing authority and your landlord must keep confidential any information you provide about the violence against you, unless:

- You give written permission to the housing authority or your landlord to release the information.
- Your landlord needs to use the information in an eviction proceeding, such as to evict your abuser.
- A law requires the housing authority or your landlord to release the information.

If release of the information would put your safety at risk, you should inform the housing authority and your landlord.

VAWA and Other Laws

VAWA does not limit the housing authority's or your landlord's duty to honor court orders about access to or control of the property. This includes orders issued to protect a victim and orders dividing property among household members in cases where a family breaks up.

VAWA does not replace any federal, state, or local law that provides greater protection for victims of domestic violence, dating violence, sexual assault or stalking.

For Additional Information

If you have any questions regarding VAWA, please contact the Housing Authority of Contra Costa County at (925) 957-7001.

For help and advice on escaping an abusive relationship, call the National Domestic Violence Hotline at 1-800-799-SAFE (7233) or 1-800-787-3224 (TTY).

B. *Incest*—Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

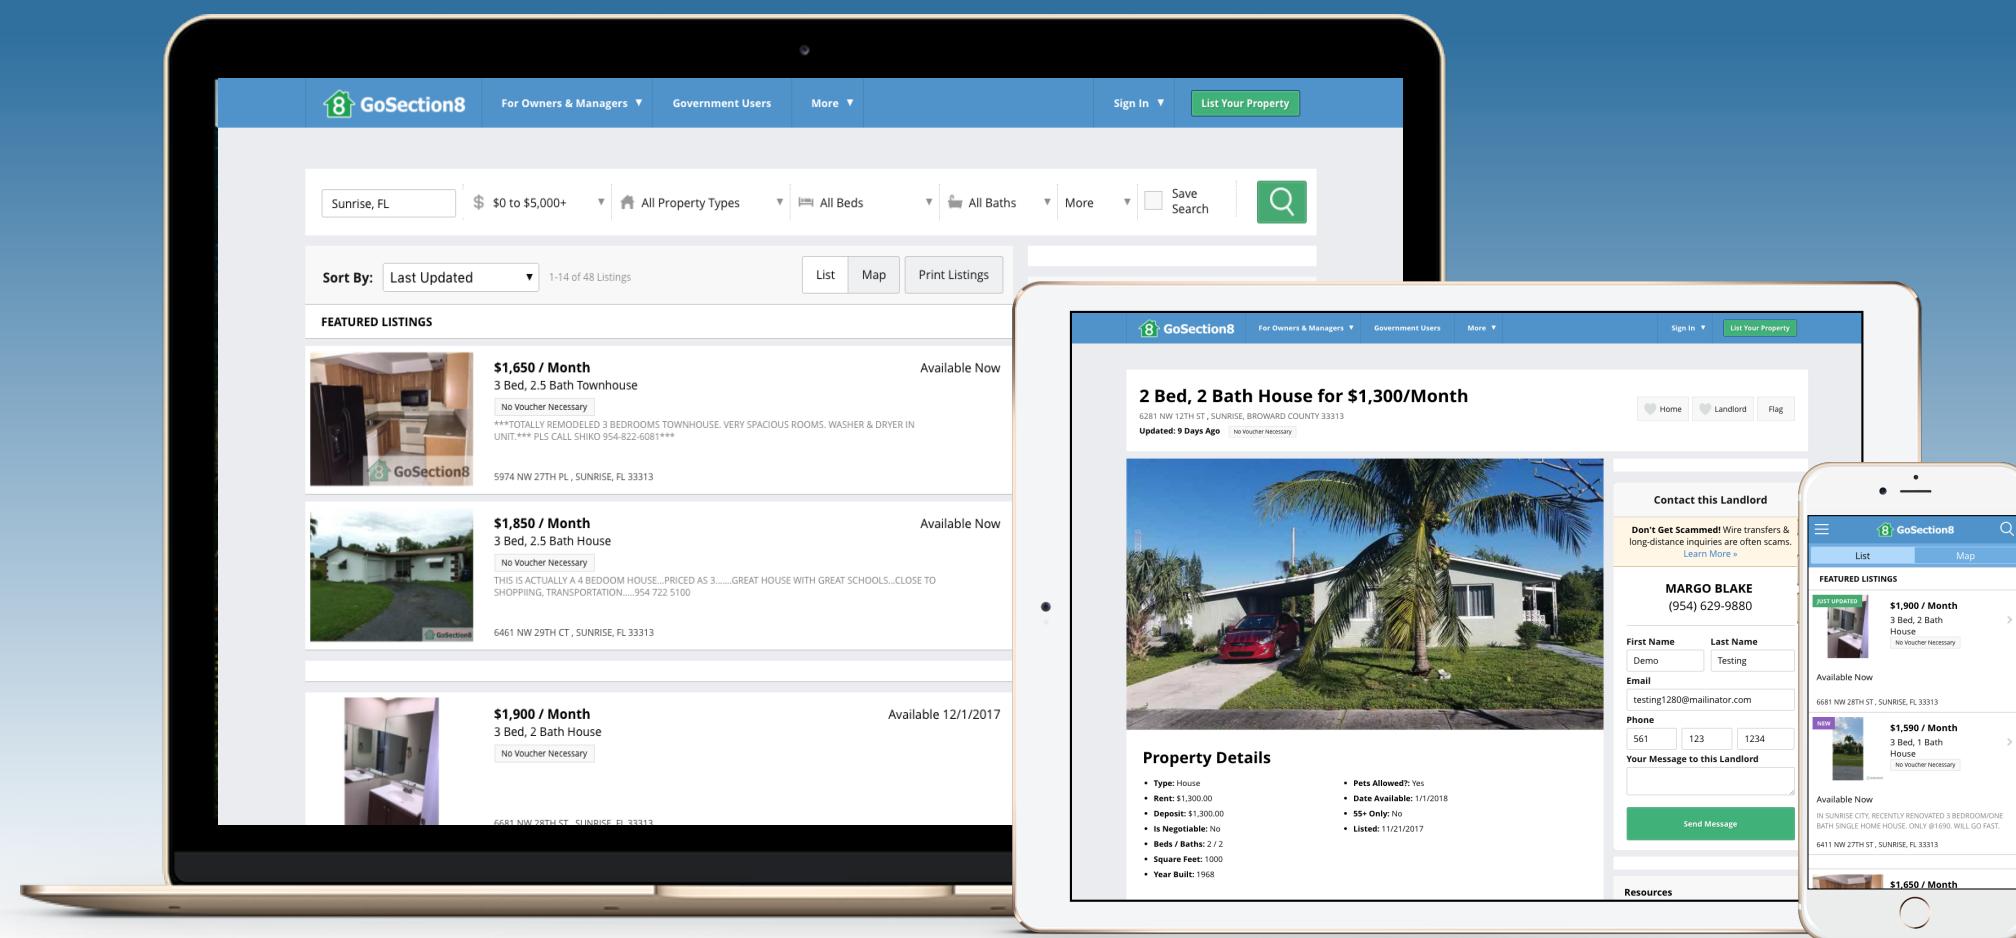

C. *Statutory Rape*—Sexual intercourse with a person who is under the statutory age of consent.

VAWA defines *stalking* as (A)(i) to follow, pursue, or repeatedly commit acts with the intent to kill, injure, harass, or intimidate another person OR (ii) to place under surveillance with the intent to kill, injure, harass, or intimidate another person AND (B) in the course of, or as a result of, such following, pursuit, surveillance, or repeatedly committed acts, to place a person in reasonable fear of the death of, or serious bodily injury to, or to cause substantial emotional harm to (i) that person, (ii) a member of the immediate family of that person, or (iii) the spouse or intimate partner of that person.

APPLYING FOR HUD HOUSING ASSISTANCE?

**THINK ABOUT THIS...
IS FRAUD WORTH IT?**

Do You Realize...

If you commit fraud to obtain assisted housing from HUD, you could be:

- **Evicted** from your apartment or house.
- **Required to repay** all overpaid rental assistance you received.
- **Fined** up to \$10,000.
- **Imprisoned** for up to five years.
- **Prohibited** from receiving future assistance.
- **Subject** to State and local government penalties.

Do You Know...

You are committing fraud if you sign a form knowing that you provided false or misleading information.

The information you provide on housing assistance application and recertification forms will be checked. The local housing agency, HUD, or the Office of Inspector General will check the income and asset information you provide with other Federal, State, or local governments and with private agencies. Certifying false information is fraud.

So Be Careful!

When you fill out your application and yearly recertification for assisted housing from HUD make sure your answers to the questions are accurate and honest. You must include:

All sources of income and changes in income you or any members of your household receive, such as wages, welfare payments, social security and veterans' benefits, pensions, retirement, etc.

Any money you receive on behalf of your children, such as child support, AFDC payments, social security for children, etc.

Any increase in income, such as wages from a new job or an expected pay raise or bonus.

All assets, such as bank accounts, savings bonds, certificates of deposit, stocks, real estate, etc., that are owned by you or any member of your household.

All income from assets, such as interest from savings and checking accounts, stock dividends, etc.

Any business or asset (your home) that you sold in the last two years at less than full value.

The names of everyone, adults or children, relatives and non-relatives, who are living with you and make up your household.

(Important Notice for Hurricane Katrina and Hurricane Rita Evacuees: HUD's reporting requirements may be temporarily waived or suspended because of your circumstances. Contact the local housing agency before you complete the housing assistance application.)

Ask Questions

If you don't understand something on the application or recertification forms, always ask questions. It's better to be safe than sorry.

Watch Out for Housing Assistance Scams!

- Don't pay money to have someone fill out housing assistance application and recertification forms for you.
- Don't pay money to move up on a waiting list.
- Don't pay for anything that is not covered by your lease.
- Get a receipt for any money you pay.
- Get a written explanation if you are required to pay for anything other than rent (maintenance or utility charges).

Report Fraud

If you know of anyone who provided false information on a HUD housing assistance application or recertification or if anyone tells you to provide false information, report that person to the HUD Office of Inspector General Hotline. You can call the Hotline toll-free Monday through Friday, from 10:00 a.m. to 4:30 p.m., Eastern Time, at 1-800-347-3735. You can fax information to (202) 708-4829 or e-mail it to Hotline@hudoig.gov. You can write the Hotline at:

- Any member of the family commits fraud, bribery or any other corrupt act in connection with any federal housing program.
- Any member of the family commits drug-related criminal activity or violent criminal activity.
- Any family member is illegally using a controlled substance.

- The family currently owes rent or other amounts to the Housing Authority or to another Housing Authority in connection with Section 8 or any housing assistance program under the 1937 Housing Act.
- A family participating in the FSS program fails to comply, without good cause, with the family's Contract of Participation.
- The family has engaged in or threatened abusive or violent behavior toward Housing Authority personnel.
- The Housing Authority must permanently deny eligibility or terminate the assistance of any person convicted of manufacturing or producing methamphetamine, commonly referred to as "speed" or anyone who is subject to sex-offender registration requirements.

Withdrawals

Occasionally, families who have been certified eligible to participate in the Section 8 Voucher program decline initial program participation or choose to withdraw from the program after receiving assistance. Keep in mind that if you withdraw from participating in the program, you will have to reapply if you happen to need assistance again in the future.

What You Should Know About EIIV

A Guide for Applicants & Tenants of Public Housing & Section 8 Programs

What is EIIV?

The Enterprise Income Verification (EIIV) system is a web-based computer system that contains employment and income information of individuals who participate in HUD rental assistance programs. All Public Housing Agencies (PHAs) are required to use HUD's EIIV system.

What information is in EIIV and where does it come from?

HUD obtains information about you from your local PHA, the Social Security Administration (SSA), and U.S. Department of Health and Human Services (HHS).

The information in EIIV is also used by HUD, HUD's Office of Inspector General (OIG), and auditors to ensure that your family and PHAs comply with HUD rules.

Overall, the purpose of EIIV is to identify and prevent fraud within HUD rental assistance programs, so that limited taxpayer's dollars can assist as many eligible families as possible. EIIV will help to improve the integrity of HUD rental assistance programs.

Is my consent required in order for information to be obtained about me?

Yes, your consent is required in order for HUD or the PHA to obtain information about you. By law, you are required to sign one or more consent forms. When you sign a form HUD-9886 (*Federal Privacy Act Notice and Authorization for Release of Information*) or a PHA consent form (which meets HUD standards), you are giving HUD and the PHA your consent for them to obtain information about you for the purpose of determining your eligibility and amount of rental assistance. The information collected about you will be used only to determine your eligibility for the program, unless you consent in writing to authorize additional uses of the information by the PHA.

Note: If you or any of your adult household members refuse to sign a consent form, your request for initial or continued rental assistance may be denied. You may also be terminated from the HUD rental assistance program.

What are my responsibilities?

As a tenant (participant) of a HUD rental assistance program, you and each adult household member must disclose complete and accurate information to the PHA, including full name, SSN, and DOB; income information; and certify that your reported household composition (household members), income, and expense information is true to the best of your knowledge.

EIIV will alert your PHA if you or anyone in your household has used a false SSN, failed to report complete and accurate income information, or is receiving rental assistance at another address. **Remember, you may receive rental assistance at only one home!**

EIIV will also alert PHAs if you owe an outstanding debt to any PHA (in any state or U.S. territory) and any negative status when you voluntarily or involuntarily moved out of a subsidized unit under the Public Housing or Section 8 program. This information is used to determine your eligibility for rental assistance at the time of application.

Remember, you must notify your PHA if a household member dies or moves out. You must also obtain the PHA's approval to allow additional family members or friends to move in your home **prior** to them moving in.

What are the penalties for providing false information?

Knowingly providing false, inaccurate, or incomplete information is **FRAUD** and a **CRIME**.

If you commit fraud, you and your family may be subject to any of the following penalties:

1. Eviction
2. Termination of assistance
3. Repayment of rent that you should have paid had you reported your income correctly
4. Prohibited from receiving future rental assistance for a period of up to 10 years
5. Prosecution by the local, state, or Federal prosecutor, which may result in you being fined up to \$10,000 and/or serving time in jail.

Protect yourself by following HUD reporting requirements. When completing applications and reexaminations, you must include all sources of income you or any member of your household receives.

If you have any questions on whether money received should be counted as income or how your rent is determined, ask your PHA. When changes occur in your household income, contact your PHA immediately to determine if this will affect your rental assistance.

What do I do if the EIIV information is incorrect?

Sometimes the source of EIIV information may make an error when submitting or reporting information about you. If you do not agree with the EIIV information, let your PHA know.

If necessary, your PHA will contact the source of the information directly to verify disputed income information. Below are the procedures you and the PHA should follow regarding incorrect EIIV information.

Debts owed to PHAs and termination information reported in EIIV originates from the PHA who provided you assistance in the past. If you dispute this information, contact your former PHA directly in writing to dispute this information and provide any documentation that supports your dispute. If the PHA determines that the disputed information is incorrect, the PHA will update or delete the record from EIIV.

Employment and wage information reported in EIIV originates from the employer. If you dispute this information, contact the employer in writing to dispute and request correction of the disputed employment and/or wage information. Provide your PHA with a copy of the letter that you sent to the employer. If you are unable to get the employer to correct the information, you should contact the SWA for assistance.

Unemployment benefit information reported in EIIV originates from the SWA. If you dispute this information, contact the SWA in writing to dispute and request correction of the disputed unemployment benefit information. Provide your PHA with a copy of the letter that you sent to the SWA.

Death, SS and SSI benefit information reported in EIIV originates from the SSA. If you dispute this information, contact the SSA at (800) 772-1213, or visit their website at: www.socialsecurity.gov. You may need to visit your local SSA office to have disputed death information corrected.

Additional Verification. The PHA, with your consent, may submit a third party verification form to the provider (or reporter) of your income for completion and submission to the PHA.

You may also provide the PHA with third party documents (i.e. pay stubs, benefit award letters, bank statements, etc.) which you may have in your possession.

Identity Theft. Unknown EIIV information to you can be a sign of identity theft. Sometimes someone else may use your SSN, either on purpose or by accident. So, if you suspect someone is using your SSN, you should check your Social Security records to ensure your income is calculated correctly (call SSA at (800) 772-1213); file an identity theft complaint with your local police department or the Federal Trade Commission (call FTC at (877) 438-4338, or you may visit their website at: <http://www.ftc.gov>). Provide your PHA with a copy of your identity theft complaint.

Where can I obtain more information on EIIV and the income verification process?
Your PHA can provide you with additional information on EIIV and the income verification process. You may also read more about EIIV and the income verification process on HUD's Public and Indian Housing EIIV web pages at: <http://www.hud.gov/offices/planninganddevelopment/eiivweb>.

Hearings

It is important to the Housing Authority that families are provided all rights and protections under the law and HUD regulations. It is suggested that you seek an explanation from a Housing Assistant before you request a hearing; it may be a matter of misunderstanding that can be resolved easily. A family may request a hearing to consider whether the following Housing Authority decisions or determinations pertaining to the family are in accordance with the law, HUD regulations and Housing Authority policies:

- Determination of the family's annual or adjusted income used to compute the Housing Assistance Payment.
- Determination of the appropriate utility allowance from the Housing Authority's utility allowance schedule.
- Determination of the family unit size under the Housing Authority subsidy standards.
- Decision to terminate housing assistance because of the family's action or failure to act, including absence from the assisted unit for longer than the maximum period permitted.

If a family does request a hearing, one will be scheduled promptly and the family will be notified by mail in writing of the date, time and location of the hearing. Families may bring legal counsel, witnesses, and evidence to the hearing.

Upon request, the family may also obtain copies of any documents or evidence upon which the Housing Authority's action or inaction is based, prior to the hearing and at the family's expense. The family will also be required to provide to the Housing Authority, prior to the hearing, copies of any documents or evidence it plans to use at the hearing.

A Final Note

Information and cooperation are two key ingredients to achieving decent, safe, and affordable housing.

Good Neighbor Guidance

This Good Neighbor Guidance was developed to inform you of how to be a good neighbor and ensure the quiet and peaceful enjoyment of all the neighbors in your chosen community. The following guidelines may or not be a part of your lease or may be subject your particular city's codes or ordinances. Repeated or serious violations of your lease or city codes and ordinances may result in termination of tenancy.

CONDUCT AND GUESTS

Children

Parents should not allow their children to play in the street or any place where there is a risk to their health and safety. Climbing on roofs is never a good idea. Children should wear safety helmets at all times when riding bicycles, scooters and skates.

Children under twelve (12) years of age should not be left alone in your unit. To maximize safety, you should personally supervise the younger children in your household at all times when they are outside of your home, even if it is just in the front or rear yard.

NOISE, QUIET HOURS AND CURFEW

Quiet hours are from 10:00 p.m. to 7:00 a.m. Loud noises of any kind are discouraged after 10 p.m. During quiet hours you, your household members, and any of your guests should not be making noise that can be heard outside of your unit. Juveniles have a curfew of 10:00 p.m. per county ordinance and therefore should not be outside of your home after 10:00 p.m.

Musical instruments, stereos, radios, tape recorders and television sets should be played at volumes that do not disturb or annoy your neighbors. The use of musical instruments, radios, etc. outside is discouraged except for very low volume or with earphones. Vehicles and vehicles of guests should not play the radio at a volume that will disturb or annoy your neighbors at any time of the day or night.

PETS

Please keep dogs inside unless properly leashed and under your personal control. Prolonged dog barking or aggressive behavior by your dog when outside can alarm and disturb your neighbors.

DRUG FREE ENVIRONMENT

You, your household members, and any of your guests or any other person under your control are not to engage in criminal activity, including drug-related criminal activity, in or near your home. Drug-related criminal activity means the illegal manufacture, sale, distribution, use or possession with intent to manufacture, sell, distribute, or use controlled substances. Such conduct is a violation of the program rules and can result in your termination from the program.

Obstruction of Justice

You, your household members and any of your guests must refrain from preventing any emergency personnel such as law enforcement, fire department, animal control or ambulance from performing their duties (i.e.: forming crowds, throwing items, etc.). You must cooperate with any lawful order given by a police officer.

HOUSEKEEPING

Smoke Detectors

Do not remove the batteries or otherwise disable any smoke detector in your home. Immediately report any problems with the smoke detector to your landlord.

Vehicles

You should have current registration and proof of insurance for any vehicle. All vehicles should be operational and must be parked inside the garage, in the driveway, or on the street, if permitted. Do not park on the sidewalk or the grass, or anywhere on the front lawn.

Do not drive any vehicle in an unsafe or unlawful manner or in a manner that disturbs or annoys your neighbors. You should not use parking areas or lawns for the repair of vehicles.

Garbage

Find out the day your garbage is picked up weekly and make sure all accumulated trash for the week is removed. Never allow trash to accumulate.

Inside Storage and Egress

Do not store items/furnishing near any wall heaters; you must have clearance of four feet in front and two feet on each side of wall heaters. NEVER use your hot water heater closet for storage. Do not place furniture, clothing, boxes, etc. in front of windows or doorways. All windows & doorways must have full clearance to open, close & lock. Appliances should be clean and free of accumulated grease & food.

Outside Storage & Yard Areas

Do not store household items, flammable chemicals (i.e. gasoline, paint thinner, pesticides, solvents, etc.) or other personal items on your front porch or front lawn, or anywhere outside of your home. Make sure toys are not left in the front yard overnight. All items (bicycles, outdoor toys, bar-b-ques, etc.) should be secured inside your garage at night, if possible. It is never appropriate to use your hot water heater closet for storage.

Check your lease and see if it is your responsibility to water and mow the front and back yard on a regular basis. Make sure the grass stays green by keeping it watered and that it looks well manicured by keeping the grass mowed and trimmed. Take your cue from some of the better-looking homes in your neighborhood.

Window Coverings

All windows should have window coverings like shades, mini blinds, shutters or curtains. These may or may not come with your home when you first rent it. If not, you'll want to make sure your windows are covered to protect your privacy. But do not cover windows with bed sheets, newspaper, boards, paint, flags, etc. These items look "tacky" from the outside.

Renter's Insurance

We recommend that you purchase of a renter's insurance policy to protect you against damage or loss to your personal items in the event of fire, theft, or other catastrophe. Your landlord's insurance will only cover the structure in the event of property loss, and NOT its contents.

BY SIGNING THESE GUIDENLINES, YOU CERTIFY THAT YOU HAVE READ, OR HAVE HAD THE GOOD NEIGHBOR GUIDELINES EXPLAINED OR READ TO YOU, THAT YOU UNDERSTAND ITS ELEMENTS AND AGREE TO ABIDE BY THE TERMS OF THE GOOD NEIGHBOR GUIDANCE.

- If you *already* have a notice from your landlord, send a copy to the Housing Authority.
- If you *want* to move *after* the first year of your lease and do not have a notice, give your landlord a WRITTEN intent to vacate notice. Send a copy to the Housing Authority.

Once the Housing Authority has received the notice, a transfer appointment letter will be **mailed** to you if your annual recertification is due. During this appointment you must submit all current income/asset verifications. If you want to have Housing Choice Voucher assistance at a new residence, you **must** come to the transfer appointment prior to moving out. If your annual recertification is not due you will be invited to attend a briefing orientation.

Once the information has been 3rd Party verified, a letter will be mailed to you to inform you of your Housing Choice Voucher Briefing. At the Briefing you will receive the Request for Tenancy Approval form to give to your landlord.

The entire process could take up to **4 weeks** from the time Housing Assistant receives the notice.

If your intent to vacate notice is up and you have not completed the transfer process, ask your landlord for an extension. This form is available with the front desk receptionist.

Be prepared to pay a **higher security deposit!**

Look on the back for more information! ← ← ←

- Your assistance will end if you move without transfer papers!
- To qualify for a transfer voucher, you **must** be up to date on payments for any outstanding damage claims.
- If you receive a notice from your landlord and you think it is illegal or you think you are being discriminated against and you want to dispute the notice, get legal help. The Housing Authority has a list of agencies that may be able to help you. Ask for it.
- We suggest that you look around before you tell your landlord you will move out. You might decide to stay where you are! If you decide to stay where you are, you **must** submit the request in writing to your caseworker.
- If you have questions concerning the Transfer Process contact your caseworker directly.

*The city of Pittsburg administers their own voucher program. Requests to move to Pittsburg should be initiated via a Portability Request Form

How Portability Works

What is Portability?

"**Portability**" in the Housing Choice Voucher (HCV) program refers to the process through which your family can transfer or "port" your rental subsidy when you move to a location outside the jurisdiction of the public housing agency (PHA) that first gave you the voucher when you were selected for the program (**the initial PHA**).

The agency that will administer your assistance in the area to which you are moving is called the receiving PHA.

New families have to live in the jurisdiction of the initial PHA for a year before they can port. But, the initial PHA may allow new families to port during this one-year period.

What Happens Next?

1. You must notify the initial PHA that you would like to port and to which area you are moving.
2. The initial PHA will determine if you are eligible to move. For example, the PHA will determine whether you have moved out of your unit in accordance with your lease.
3. If eligible to move, the initial PHA will issue you a voucher (if it has not done so already) and send all relevant paperwork to the receiving PHA.
4. If you are currently assisted, you must give your landlord notice of your intent to vacate in accordance with your lease.

Contacting the Receiving PHA

1. Your case manager will let you know how and when to contact the receiving PHA. Your case manager must give you enough information so that you know how to contact the receiving PHA.
2. If there is more than one PHA that administers the HCV program where you wish to move, you may choose the receiving PHA. The initial PHA will give you the contact information for the PHAs that serve the area. If you prefer, you may request that the initial PHA selects the receiving PHA for you.
Generally, the initial PHA is not required to give you any other information about the receiving PHAs, but you may wish to find out more details when contacting them (such as whether the receiving PHA operates a Family Self-Sufficiency or Homeownership program).

How Portability Works

Before Porting, Things You Should Know

Subsidy Standards: The receiving PHA may have different subsidy standards. In other words, the initial PHA may have issued you a three-bedroom voucher, but the receiving PHA may, if appropriate for your family, issue you a two-bedroom voucher. Note, however, that the PHA's subsidy standards must comply with fair housing and civil rights laws. This includes processing reasonable accommodation requests that are necessary for qualified individuals with disabilities.

Payment Standards: The payment standards of the receiving PHA may be different for each PHA. Payment standards are what determine the amount of the rent that the PHA will pay on your behalf. If a receiving PHA's payment standards are lower than the initial PHA, then the portion of the rent you pay may be more than what you were paying at the initial PHA.

Re-screening: The receiving PHA may re-screen you using their own policies, which may be different than the initial PHA's policies and could result in them denying your request to move. When contacting the receiving PHA, you may want to ask whether they re-screen families moving into their area under portability and what are their policies for termination or denial of HCV assistance. This will assist you in determining if the receiving PHA's policies might prevent you from moving to their jurisdiction.

Time Management: You should manage the move so that you have enough time to arrive at the receiving PHA before the initial PHA voucher expires; otherwise, you may lose your assistance.

Once at the Receiving PHA

1. The receiving PHA will issue you a voucher to search for a unit in its jurisdiction. Your voucher must be extended by 30 days from the expiration date on the voucher issued by the initial PHA.
2. When you submit a request for tenancy approval, the time on your voucher will stop until you are notified in writing whether the unit is approved or denied. The request for tenancy approval is the form you will submit to the receiving PHA once you find a unit, so that the receiving PHA can determine whether you may rent that unit under the program.
3. If you decide that you do not want to lease a unit in the area, the receiving PHA will return your voucher to the initial PHA. The initial PHA is not required to, but may, extend the term of your voucher so that you may search for a unit in the initial PHA's jurisdiction or port to another jurisdiction.

Any additional instructions will be provided by the receiving PHA. PHAs must comply with all nondiscrimination and equal opportunity requirements in the portability process, including, but not limited to, the Fair Housing Act, Section 504 of the Rehabilitation Act, Title VI of the Civil Rights Act, and title II of the Americans with Disabilities Act.

- If you **want** to move **after** the first year of your lease and do not have a notice, give your landlord a WRITTEN intent to vacate notice. Send a copy to the Housing Authority.
- If you are still within the initial term of your lease agreement, moves are approved on a case by case basis. You will need to have the landlord sign a mutual agreement to release you from the lease agreement.

□ A written request for Portability must be submitted to the Housing Authority. This form can be obtained at the Housing Authority Receptionist Desk.

□ The receiving Housing Authority information must be neatly printed on the Request for Portability Form. Include the agency's name, address, phone number and contact person. In order to approve the Portability request, the receiving Payment Standard cannot exceed CCC payment standard.

□ **THE HOUSING AUTHORITY HAS 10 to 14 BUSINESS DAYS TO PROCESS YOUR REQUEST.**

□ The Housing Choice Voucher that is attached to your packet will be issued the date the packet is mailed to the receiving agency. You only have up to 120 days from this date (Depending On your Voucher) to locate suitable housing. **Extensions will not be granted.** Ensure that you have enough time to port to the receiving agency before your Housing Choice Voucher expires.

□ **WHAT TO DO IF I DECIDE TO PORT BACK?**

If you choose to port back to Contra Costa County you will need to request your portability packet to be returned to the Housing Authority of the County of Contra Costa. You must submit a written request that you wish to remain in this jurisdiction. Ensure that you have time to secure housing before your voucher expires.

Once the Housing Authority has received the notice, a transfer appointment letter will be **mailed** to you. You will then follow the Transfer Procedures. For further information contact your caseworker (925) 957-7001.

Local Public Transit Services

Buses and trains are the most convenient forms of public transportation for many people. Regular bus routes and trains require less planning than ADA paratransit and most other forms of transportation. Buses and trains run on a schedule and stop at specific locations, so you always know when and where you can board. Arrive at the stop a few minutes early.

Regular public bus fares can also be 50 to 75 percent less expensive than paratransit. If you are unfamiliar with using public transit, travel training may be available to teach you how to travel comfortably and safely on a bus or train. Call your local transit service for more information.

Regular public bus routes are also accessible. The Americans with Disabilities Act (ADA) requires that transit agencies make their services accessible to people with disabilities. Here are some of the features you will find on public systems in Contra Costa County:

- **Buses equipped with wheelchair lifts or low floor ramps to allow easy access for people with disabilities.**
- **Priority seating for those who need it.**
- **Drivers trained to secure wheelchairs in designated spaces.**
- **Drivers trained to allow passengers time to be seated, and to get on and off the vehicle.**
- **Announcement of bus stops at major intersections, transfer points and, at the request of passengers, specific destinations.**
- **BART stations with elevators to the platforms where there is level boarding.**
- **Route and schedule information provided by transit agencies, including the best way to reach your destination. This information is available in accessible formats if needed.**

All nine Bay Area counties are connected via public transit. For more information call 511 or go online at www.511.org.

ADA Paratransit

ADA Paratransit

How Do I Become Eligible for ADA Paratransit Services?

Enacted in 1990, the Americans with Disabilities Act (ADA) required that paratransit be provided as a "safety net" for people who, due to their disability, are unable to ride regular buses and trains some or all of the time. ADA paratransit is a parallel service to regular public transportation services (buses and trains). This means paratransit services operate in the same area, on the same days and during the same hours as the public transit operates.

Paratransit service may be provided on small buses, vans, taxis, or in private automobiles. It is generally a shared ride service that must be reserved at least one day in advance. The service picks you up at your door or at the curb and takes you to your destination. The vehicle may make several stops on the way to your destination to pick up or drop off other passengers. The pick up time you are assigned may vary by up to one hour from the time you requested. Paratransit drivers do not enter people's homes or their destination locations. Riders who need extra assistance beyond what the driver provides may bring an assistant or "attendant" with them at no additional charge.

Before using paratransit, a person must be certified eligible due to a disability that prevents use of regular buses or trains some or all of the time.

According to the law you may be eligible for ADA paratransit if either of the following applies:

- Your disability prevents you from boarding, riding, or getting off a bus or train, without the help of someone else.
- Your disability prevents you from getting to or from a bus or train stop.

For more information about the ADA paratransit programs in Contra Costa County, call 511 or contact your local transit agency directly.
(See pages 20 through 22)

The eligibility process may vary slightly by transit agency, so you should call your local transit agency to find out more information. In general, the process includes the following steps:

- Call your local transit agency to request an application form.
- Read and completely fill out the form, which requires authorization to contact your doctor or medical professional.
- Submit the information at the address provided.
- After reviewing your application, agency staff may contact you, ask you to send additional information, contact a health professional to get more information, or invite you for an in-person evaluation of your ability to ride public transportation.
- An evaluation could involve a discussion with a trained professional about why you cannot use public transportation. Or, you might be asked to try out a number of actions that would be needed when using a bus or train. You may bring somebody with you to the evaluation and you may also bring additional documentation, but these are not required.
- Within 21 days after your completed application form has been received or you have completed the in-person evaluation, the transit agency will send you a letter regarding your eligibility status. If you do not receive this letter within 21 days, you will be given temporary eligibility allowing you to use paratransit until the agency makes a final determination.
- If your eligibility application for ADA paratransit service is approved, you will receive a brochure with more information about paratransit, including information about reserving a ride.

Applying for Eligibility

ADA Paratransit

Can I Be Eligible for ADA Paratransit if it is Very Difficult for Me to Use a Bus or Train?

Not necessarily. A person who is able to use buses and trains all of the time to get around, even though it may be difficult or inconvenient, does not qualify for ADA paratransit. To qualify for ADA paratransit, you must be unable to use buses or trains some or all of the time because of a physical, cognitive, visual or psychiatric disability. Difficulty using public transportation, or being diagnosed as having a disability, are not automatic grounds for paratransit eligibility. Similarly, eligibility is not based on your age, your inability to speak English, or inconvenient bus service.

A Good Place to Live!

Introduction

Having a good place to live is important. Through your Public Housing Agency (or PHA) the Section 8 Certificate Program and the Housing Voucher Program help you to rent a good place. You are free to choose any house or apartment you like, as long as it meets certain requirements for quality. Under the Section 8 Certificate Program, the housing cannot cost more than the Fair Market Rent. However, under the Housing Voucher Program, a family may choose to rent an expensive house or apartment and pay the extra amount. Your PHA will give you other information about both programs and the way your part of the rent is determined.

Housing Quality Standards

Housing quality standards help to insure that your home will be safe, healthy, and comfortable. In the Section 8 Certificate Program and the Housing Voucher Program there are two kinds of housing quality standards.

Things that a home must have in order approved by the PHA, and Additional things that you should think about for the special needs of your own family. These are items that you can decide.

The Section 8 Certificate Program and Housing Voucher Program

The Section 8 Certificate Program and Housing Voucher Program allow you to choose a house or apartment that you like. It may be where you are living now or somewhere else. The *must* have standards are very basic items that every apartment must have. But a home that has all of the *must have* standards may still not have everything you need or would like. With the help of Section 8 Certificate Program or Housing Voucher Program, you *should* be able to afford a good home, so you should think about what you would like your home to have. You may want a big kitchen or a lot of windows or a first floor apartment. Worn wallpaper or paint may bother you. Think of these things as you are looking for a home. Please take the time to read A Good Place to Live. If you would like to stay in your present home, use this booklet to see if your home meets the housing quality standards. If you want to move, use it each time you go to look for a new house or apartment, and good luck in finding your good place to live.

Read each section carefully. After you find a place to live, you can start the *Request for Lease Approval* process. You may find a place you like that has some problems with it. Check with your PHA about what to do, since it may be possible to correct the problems.

The Requirements

Every house or apartment must have at least a living room, kitchen, and bathroom. A one-room efficiency apartment with a kitchen area is all right. However, there must be a separate bathroom for the private use of your family. Generally there must be one living/sleeping room for every two family members.

Lock

A lock that works on all windows and doors that can be reached from the outside, a common public hallway, a fire escape, porch or other outside place that cannot be reached from the ground. A window that cannot be opened is acceptable.

These must be checked for security and electrical hazards and other possible dangers (such as walls or ceilings in danger of falling), since these items are important for the safety of your entire apartment. You should also look for other possible dangers such as large holes in the walls, floors, or ceilings, and unsafe stairways. Make sure to look for these things in all other rooms not lived in.

- The amount and type of weatherization and its affect on utility costs.
 - Is there insulation?

- Unprotected cliffs or quarries
- Fire hazards
- Evidence of flooding

Garbage

Rodents and Vermin
No sign of rats or large numbers of mice or vermin (like roaches).

For Manufactured Homes: Tie Downs
Manufactured homes must be place on the site in a stable manner and be free from hazards such as sliding or wind damage.

You should also think about:

- The type of fire exit.
--Is it suitable for your family?
- How safe the house or apartment is for your family.
- The presence of screens and storm windows.
- Services in the neighborhood.
--Are there stores nearby?
--Are there schools nearby?
--Are there hospitals nearby?
--Is there transportation nearby?
- Are there job opportunities nearby?
- Will the cost of tenant-paid utilities be affordable and is the unit energy-efficient?
- Be sure to read the lead-based paint brochure give to you by the PHA or owner, especially if the housing or apartment is older (built before 1978).

Note: You may not be able to check these items listed here yourself, but the PHA Inspector will check them for you when the unit is inspected.

Now that you have finished this booklet, you know that for a house or apartment to be a good place to live, it must meet two kinds of housing quality standards:

- Things it must have in order to be approved for the Section 8 Rental Certificate Program and the Rental Voucher Program.
 - Additional things that you should think about for the special needs of your family.
- You know that these standards apply in six areas of a house or apartment.
1. Living Room
 2. Kitchen
 3. Bathroom
 4. Other Rooms
 5. Building Exterior, Plumbing and Heating
 6. Health and Safety

You know that when a house or apartment meets the housing quality standards, it will be safe, healthy, and comfortable home for your family. It will be a good place to live.

After you find a good place to live, you can begin the *Request for Lease Approval*/process. When both you and the owner have signed the *Request for Lease Approval* and the PHA has received it, an official inspection will take place. The PHA will inform both you and the owner of the inspection results.

If the house or apartment passed, a lease can be signed. There may still be some items that you or the PHA would like improved. If so, you and your PHA may be able to bargain for the improvements when you sign the lease. If the owner is not willing to do the work, perhaps you can get him or her to pay for the materials and do it yourself.

If the house or apartment fails, you and/or your PHA may try to convince the owner to make the repairs so it will pass. The likelihood of the owner making the repairs may depend on how serious or costly they are.

If it fails, all repairs must be made, and the house or apartment must be re-inspected before any lease is signed. If the owner cannot or will not repair the house or apartment, even if the repairs are minor, you must look for another home. Make sure you understand why the house or apartment failed, so that you will be more successful in your next search.

Responsibilities of the Public Housing Authority:

- Ensure that all units in the Section 8 Certificate Program and the Housing Voucher Program meet the housing quality standards.
- Inspect unit in response to Request for Lease Approval. Inform potential tenant and owner of results and necessary actions.
- Encourage tenants and owners to maintain units up to standards.
- Make inspection in response to tenant or owner complaint or request. Inform the tenant and owner of the results, necessary actions, and time period for compliance.
- Make annual inspection of the unit to ensure that it still meets the housing quality standards.
- Inform the tenant and owner of the results, necessary actions, and time period for compliance.

Responsibilities of the tenant:

- Live up to the terms of your lease.
- Do your part to keep the unit safe and sanitary.
- Cooperate with the owner by informing him or her of any necessary repairs.
- Cooperate with the PHA for initial, annual, and complaint inspections.

Responsibilities of the owner:

- Comply with the terms of the lease.
- Generally maintain the unit and keep it up to the housing quality standards outlined in this booklet.
- Cooperate with the tenant by responding promptly to requests for needed repairs.
- Cooperate with the PHA on initial, annual, and complaint inspections, including making necessary repairs.
